The map displays a section of the Fort Worth, Texas area, characterized by a grid system. The vertical axis is labeled with townships T15N, T6N, and T7N. The horizontal axis is labeled with ranges Z5W, Z6W, and Z7W. A prominent river, likely the Trinity River, flows diagonally across the map. A creek, labeled 'Cloy', is visible in the lower-left quadrant. A shaded area, possibly a ranch or industrial site, is labeled 'RANCHO' and 'Cloy'. The grid is overlaid on a topographic map showing terrain features, including hills and valleys, and property boundaries. The map is oriented with North at the top.
