Notes: Key fields are - RO, Agent List State, Agent ID Code, Phone Number, County.  
Only 1 record will be accepted for each key combo.

A 55 record must be accepted for the RO, List State and Agent ID before an 11 record will be accepted.

If field 4, Active Flag = Y and field 8, Type of ID Code = A, the record will be included in the creation of the agent directory.

If field 19, Address State = field 3, Agent List State the record will be used in the resident listing. If the Address State is not equal to the Agent List State the record will be used for the non resident listing.

Address and Phone Number are critical for referring potential clients. For this reason, the address field validation will reject post office box addresses and the phone number field must contain a valid phone number.

Do not include punctuation in name fields, except for apostrophes and hyphens in the last name field. Only report licensed and/or certified agents who are actively participating in the delivery of FCIC approved products. Records submitted for others will be deleted.
