|-----------|------------|-----------|------|---------|-------------|

insured Record Number is 001 or for the SBI if the Record Number is 002-999.

**Note 2:** The address must be for the primary insured if the Record Number is 001 and for the SBI if the Record Number is 002-999.

**Note 3:** The key structure for this record consists of Fields 1-5, 7 and 12.

**Note 4:** For records with all Ineligibility Transaction Flags except 99 the specified edits for all fields apply.

**Note 5:** For records with an Ineligibility Transaction Flag of 99, only the edits for the following fields will apply:

|                        |                               |
|------------------------|-------------------------------|
| Record Type 60         | Id Number                     |
| Reporting Organization | Entity Type                   |
| Reinsurance Year       | SBI ID Type (If applicable)   |
| ID Type                | SBI ID Number (If applicable) |
| Debt Delinquency Date  |                               |

~~**Note 6:** According to the common crop policy basic provisions, if the producer is given due process but not prior to the crop termination date, he/she has until the next crop termination date to pay the debt. The 60 record would be submitted with the reinsurance year and crop year of the debt but with the termination date of the next reinsurance year and crop year.~~

~~For example, a producer has a policy for a crop with a 5/31/06 termination date for reinsurance year and crop year 2006. He is not given due process before 5/31/06 so he cannot be placed on the ITS for this termination date. He does not pay prior to 5/31/07 so the RO can report him to ITS for reinsurance year and crop year 2006 with a 5/31/07 debt delinquency date.~~

~~**Note 7:** The AIP, Reinsurance Year, ID Type, ID Number, Entity Type, SBI ID Type and SBI ID Number must match an accepted DAS policy.~~
