

Exhibit Name: Relationship between the Land Level Code and Land Description Table
 Exhibit Number: 206-0
 Record Name:
 Record Code: ROE

Reinsurance Year: 2015
 Version: Approved
 Release Date: 7/1/2014

Land Level Code	Definition	FSA Farm Number	FSA Tract Number	FSA Field Number	FSA Sub Field Identifier	Land ID (Section Township Range)	CLU ID	Sub County Code	Maximum Allowed Acreage Checked
CLU	Common Land Unit						X		X
DES	Legal Information in Land Description field	*PASS does not do any validation for this setting. However, this string needs to be manually reviewed to determine what land is covered.							
FRM	Farm Number	X							X
TCT	Farm and Tract	X	X						X
NCL	Farm Number, Tract, Field (No CLU)	X	X	X					X
SEC	Section					X			
SFD	Farm, Tract, Field and Sub Field	X	X	X	X				X
SUB	SubCounty							X	X

A record for a legal does not have to exist in the Land Description table as long as it matches at least one record from the Land Description table for the Written Agreement based on the matching rules associated with the Land Level Code assigned to the Written Agreement.

If the RO sets a Maximum Allowed Acreage, PASS will also validate that the acreages associated with the legal does not exceed that value, but only for the Land Level Codes indicated in the chart above.
