Record Level Rules									
									A Quality Control Reporting, "P57" record must be reported within 20 business days of completing each review. For RY 2020 only, this requirement will be bypassed because the acceptance of the P57 record will not be available until 9/01/2019.
		1							
									Acceptance of the Quality Control Reporting, "P57" record is dependent upon the previous acceptance of the corresponding Insurance In Force, "P14" record, even if that "P14" has since been deleted.
		2							
									A Record Type Delete, "P48" record will remove all P57 and P57A records previously accepted with a matching Reinsurance Year and AIP Code. All valid P57/P57A must be transmitted to replace those that have been deleted.
		3							
									The deletion of a policy has no impact on the already accepted P57/P57A records.
		4							
									The AIP Adjuster Key (field 7) OR the AIP Employee Key (field 8) must be transmitted. If both an Adjuster and Employee worked the review, both fields should be transmitted.
