0067	Dry Peas	0115	Oysters	0011	Wheat
0060	Figs	0257	Papayas	0076	Whole Farm Revenue Protection

* More than one fee may be charged if the commodity can be insured under more than one plan in the county.
The SCO, ECO, STAX, MP, CLIP, and MCO plans are charged a separate administrative fee. CLIP will have a single admin fee for each all-encompassing umbrella for the crop insurance contract per county. CLIP will not require separate fees by underlying crop.
** High Risk Land may be insured under CAT or HRELO, and the remainder of the commodity may be insured under buy-up, therefore, more than one fee would apply in these situations. HRLEO commodities include wheat, corn, cotton, grain sorghum and soybeans.

*** Cotton with the cottonseed endorsement shall be charged 2 admin fees. When HRLEO also applies then a separate set of Administrative Fees will apply.

**** PRF with 2 different plans will have two administrative fees.

***** HIP-WI Endorsement will have one Admin Fee per Crop/County Policy (e.g., HRLEO or otherwise required per the Basic Crop Provisions of the specific crop that creates another Crop Policy within the county). Unless the underlying policy allows for sperate policies for each type or variety. For example, Florida Citrus will be charged separate admin fees per group.

† Each insurance policy will have a separate Administrative Fee applied when separate contracts are insured under different policies.
For HIP-WI endorsements that cover cotton with the cottonseed endorsement will only have one admin fee.
