Statement

General

In accordance with section 13(c)(2)(ii) of the Pecan Revenue Crop Provisions, the catastrophic risk protection factor will be fifty-five percent (.55).

In lieu of Section 24(a) of the Basic Provisions, interest will begin to attach on unpaid premium on the first of the month following the first billing date provided that a minimum of 30 days have passed from the first billing date.

Hedging tree canopies is allowable.

For purposes of CAT, coverage will be equal to the approved average revenue times 27.5 percent.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Practice

*6 Acreage, production, and revenue history from certified organic or transitional acreage will be contained in separate approved revenue history databases by practice. Each database will include acreage, production, and revenue from any applicable buffer zone. Any yearly average approved revenues, for the most recent four crop years only, from the transitional acreage database will be used in place of the applicable lowest dollar span in two year increments to establish the certified organic APH database. The lowest dollar span provided by the actuarial table for the current coverage module will be used to complete the database, if required.

Price

AMS prices can be found at <http://www.ams.usda.gov/fv/mncs/shipnut.htm> which is published Tuesday and Thursday each week. When local AMS pecan prices are not available the nearest applicable AMS prices will apply.
