**Statement**

**General**

Acreage of coffee trees considered dead due to an infestation of nematodes diagnosed by the University of Hawaii or the State of Hawaii Department of Agriculture must be fallowed for one year following the chipping and mulching or removal of the infected trees and the application of a recommended soil treatment to the affected acreage.

In lieu of the second sentence of Section 24(a) of the Basic Provisions, for the purpose of premium amounts owed to us or administrative fees owed to FCIC, interest will start to accrue on the first day of the month following the issuance of the notice by us, provided that a minimum of 30 days have passed from the premium billing date specified in the Special Provisions.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

**Price**

Use 55% of the tree reference price for the appropriate stage, round up to the next cent when calculating the amount of protection per unit and the unit value for catastrophic coverage (CAT) policies.
