Statement

General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

For the purpose of section 12(d)(1)(iii) of the Southern & Central Potato Crop Provisions, the date potatoes would have reached full maturity will be 100 days after the date of planting or replanting.

In lieu of the second sentence of Section 24(a) of the Basic Provisions, for the purpose of premium amounts owed to us or administrative fees owed to FCIC, interest will start to accrue on the first day of the month following the issuance of the notice by us, provided that a minimum of 30 days have passed from the premium billing date specified in the Special Provisions.

In lieu of Section 17(f)(5)(ii) of the Common Crop Insurance Basic Provisions, haying or grazing a cover crop will not impact eligibility for a prevented planting payment provided such action did not contribute to the acreage being prevented from planting.

Type

*5 Insurable Varieties for Group B: All other varieties not specified in Group A.

Practice

*6 Acreage and production history from certified organic or transitional acreage will be contained in separate APH databases. Each APH database will include production and acreage from any applicable buffer zone. Any yearly average APH yields, for the most recent four crop years only, from the transitional acreage database will be used in place of Transitional Yields (T-yields) to establish the certified organic APH database. A variable T-yield will be used to complete the database, if required.

Date

*7 Insurable variety for Group A: Russet.

The Contract Change Date is April 30th.

The production reporting date for spring practice will be March 15, and the fall practice will be September 15.

The Cancellation Date is July 1st.

*11 Insurance will attach only on potatoes planted during the period of January 1 - May 15.

Special Provisions of Insurance 2014 and Succeeding Crop Years

Year: 2014	Commodity: Potatoes (0084)	State: California (06)
Date: 3/20/2013	Plan: APH (90)	County: Imperial (025)

- *12 Insurance will attach only on potatoes planted during the period of July 1 - December 31.
- *13 In lieu of section 6 (a)(2) of the Basic Provisions, you must submit your acreage report on or before the acreage reporting date contained in these Special Provisions of Insurance.

Insurance Availability

In accordance with section 8 of the Basic Provisions, insurance shall not attach to varieties of the fingerling type, unless provided by written agreement.

Insurance will not attach to any acreage on which potatoes were planted the preceding year unless the land was properly fumigated according to approved Extension Service recommendations prior to planting potatoes.

For acreage that requires a written agreement for insurability per Section 9(a)(1)(iv) of the Basic Provisions (new breaking written agreement), the written agreement request must be submitted by the applicable sales closing date in lieu of section 18(e)(2)(i)(B) and in accordance with section 18(e)(2)(iii).

Quality

With regard to Grade Inspections and the respective U.S. Grade Standard (i.e. Processing, Chipping, Seed and all other Potatoes), the only size modifications recognized are those instituted by State or Federal Marketing Orders.
