T/P 2	No Type Specified 997	Organic(Certified) Irr. 702 *5
T/P 3	No Type Specified 997	Organic(Transitional) Irr. 712 *5

Statement

General

Total production to count for ROMA and PLUM type tomatoes for a unit will include all harvested and appraised production determined to be marketable. A classification size minimum of 1.5 inches in diameter for ROMA and PLUM tomatoes applies to the definition of Potential Production, as defined in section 1 and section 13(c)(1)(iii)(B) and (c)(2)(ii)(B) of the Guaranteed Production Plan of Fresh Market Tomato Crop Provisions.

In lieu of the second sentence of Section 24(a) of the Basic Provisions, for the purpose of premium amounts owed to us or administrative fees owed to FCIC, interest will start to accrue on the first day of the month following the issuance of the notice by us, provided that a minimum of 30 days have passed from the premium billing date specified in the Special Provisions.

In accordance with section 3(d) of the Guaranteed Production Plan of Fresh Market Tomato Crop Insurance Provisions, the production guarantees for ROMA and PLUM Tomatoes will be the same as specified in section 3(b)(1).

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Practice

- *5 Acreage and production history from certified organic or transitional acreage will be contained in separate APH databases. Each APH database will include production and acreage from any applicable buffer zone. Any yearly average APH yields, for the most recent four crop years only, from the transitional acreage database will be used in place of Transitional Yields (T-yields) to establish the certified organic APH database. A variable T-yield will be used to complete the database, if required.

Date

In lieu of the cancellation and termination dates in the crop provisions, the cancellation and termination dates are January 31.

Special Provisions of Insurance

2016 and Succeeding Crop Years

Year: 2016	Commodity: Fresh Market Tomatoes (0086)	State: California (06)
Date: 7/23/2015	Plan: APH (90)	County: Kern (029)

Price

In accordance with section 12(b)(2) of the Guaranteed Production Plan of Fresh Market Tomato Crop Insurance Provisions, the replanting payment per acre for ROMA and PLUM tomatoes will be the same as specified in section 12(b)(1).

If a contract price is available as shown in the actuarial documents, you may elect to have your price election determined in accordance with the Contract Price Addendum (CPA). If the crop provisions or special provisions provide a method to determine a contract price your price election will be determined in accordance with the crop provisions or special provisions and the CPA does not apply.

Premium

In lieu of section 7(h)(2)(i) of the Basic Provisions, notwithstanding section 7(h)(2) of the Basic Provisions, if you demonstrate you began farming for the first time after June 1 but prior to the beginning of the reinsurance year (July 1), you may be eligible for premium subsidy the subsequent reinsurance year without having form AD-1026 on file with FSA on or before June 1. For example, if you demonstrate you started farming for the first time on June 15, 2015, you may be eligible for premium subsidy for the 2016 reinsurance year without form AD-1026 on file with FSA.

Effective for any policy with a sales closing date on or after July 1, 2015 but not later than June 30, 2016, in lieu of sections 2(c) and (d) of the Basic Provisions, you may not cancel your policy for the initial crop year, but after the initial crop year either you or we may cancel your policy by providing written notice to the other on or before the cancellation date shown in the Crop Provisions. However, for both new and carryover policies you may cancel your policy not later than 45 days after the cancellation date if all of the following are met:

1. You request through your agent and Approved Insurance Provider to query the FSA data regarding whether you have filed an AD-1026 with FSA and such query reveals that there is no AD-1026 on file for the identification number under which you seek, or have, insurance;
2. You believe the FSA information is in error and that a valid AD-1026 is on file;
3. You make application, or elect not to cancel an existing policy, based on this belief;
4. You request review not later than 15 days after the sales closing date, via your AIP, by RMA and FSA of your records and attempt to reconcile any discrepancy; and
5. The result of such process is that you do not have a valid AD-1026 on file.

If all of these conditions are not met, you are precluded from cancelling your policy until the next crop year and you will be responsible for all premium owed.

Insurance Availability

In accordance with section 9(a)(2)(ii) and 9(a)(2)(iii) of the Guaranteed Production Plan of Fresh Market Tomato Crop Provisions, insurance will not attach to any acreage on which tomatoes are grown for more than three consecutive crop years, unless the same acreage: (1) is rotated to a crop other than tomatoes, bell peppers, eggplant, or tobacco; or (2) is treated with a fumigant or nematicide before planting tomatoes a fourth consecutive crop year.

Special Provisions of Insurance
2016 and Succeeding Crop Years

Year: 2016	Commodity: Fresh Market Tomatoes (0086)	State: California (06)
Date: 7/23/2015	Plan: APH (90)	County: Kern (029)

In addition to section 8(e)(4) of the Guaranteed Production Plan of Fresh Market Tomato Crop Insurance Provisions, ROMA and PLUM Tomatoes will be insurable.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS guidelines. If growing conditions warrant a deviation from the guidelines, producers should contact either Extension or the local NRCS for management guidance. For information on cover crop management and termination guidelines, refer to the Cover Crop Termination Guidelines published at <http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/landuse/crops/>.
