### Statement

#### General

In lieu of the policy definition for carton, production will be determined in 20 pound carton equivalents for all tomatoes except, Cherry, Grape, Roma, and Plum types of tomatoes.

In accordance with section 3(d) of the Guaranteed Production Plan of Fresh Market Tomato Crop Insurance Provisions, the stages and production guarantees for CHERRY, GRAPE, ROMA, and PLUM type tomatoes will be the same as specified in section 3(b)(2).

In accordance with section 12(b)(2) of the Guaranteed Production Plan of Fresh Market Tomato Crop Insurance Provisions, the replanting payment per acre for CHERRY, GRAPE, ROMA, and PLUM tomatoes will be the same as specified in section 12(b)(1).

A classification size minimum of 3/4 inch in diameter for CHERRY tomatoes applies to the definition of potential production under section 1 and section 13(c)(1)(iii)(B) and (c)(2)(ii)(B) of the Guaranteed Production Plan of the Fresh Market Tomato Crop Provisions.

A classification size minimum of 1/2 (one half) inches in diameter for GRAPE tomatoes applies to the definition of potential production under section 1 and section 13(c)(1)(iii)(B) and (c)(2)(ii)(B) of the Guaranteed Production Plan of Fresh Market Tomato Crop Provisions.

A classification size minimum of 1.5 inches in diameter and 2.0 inches in length for PLUM and ROMA tomatoes applies to the definition of potential production under section 1 and section 13 (c)(1)(iii)(B) and (c)(2)(ii)(B) of the Guaranteed Production Plan of Fresh Market Tomato Crop Provisions.

Optional unit division is NOT available by section or section equivalent. Optional unit division is available based on Farm Serial Number (FSN) and any other method specified in the Basic Provisions or Crop Provisions except section or section equivalent. To be eligible for the available methods of optional unit division, you must meet all applicable requirements.

## Special Provisions of Insurance 2020 and Succeeding Crop Years

Year: 2020

Commodity: Fresh Market Tomatoes (0086)

State: Arkansas (05)

Date: 11/22/2019

Plan: APH (90)

County: Cleburne (023)

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

### Practice

\*9 Spring Transplanting Period - April 10 through May 10.

### Price

If a contract price is available as shown in the actuarial documents, you may elect to have your price election determined in accordance with the Contract Price Addendum (CPA). If the crop provisions or special provisions provide a method to determine a contract price your price election will be determined in accordance with the crop provisions or special provisions and the CPA does not apply.

### Insurance Availability

In lieu of section 8(e)(4) of the Guaranteed Production Plan of Fresh Market Tomato Crop Provisions, and in accordance with section 8(e) of these crop provisions, CHERRY, GRAPE, ROMA, AND PLUM type tomatoes will be insurable in this county.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.
