**Statement**

**General**

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

In accordance with 7(b) of the Clary Sage Crop Provisions, we will not insure any acreage that was planted to Clary Sage in each of the previous two (2) years.

In accordance with section 10(a) of the Clary Sage Crop Provisions and provided all other policy requirements for a replant payment are met, a replant payment may be made when the crop is damaged to the extent there are less than 2.0 remaining live plants per linear foot of row when the crop is planted in row widths 20 inches or more, or there are less than 6.0 remaining live plants per square yard when the crop is planted in row widths less than 20 inches.

Enterprise units are available in this county.

## Special Provisions 2024 and Succeeding Crop Years

Year: 2024

State: North Carolina (37)

Date: 4/4/2023

Plan: APH (90)

County: Edgecombe (065)

In addition to the production reporting requirements in section 3(f) of the Basic Provisions, you must report, as specified in FCIC procedures, your current year's production on our form on the same basis used to establish your approved yield(s). The current year's production must be reported by one year (366 days) following the production reporting date contained in the actuarial documents. This production report will be used to meet the production reporting requirements in section 3(f) of the Basic Provisions for the following crop year, if there are no changes in the basis used to establish your approved yield. Your current year's production report is also subject to section 3(g) of the Basic Provisions.
