General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Price

Contract price:

You may use a contract price to determine your insurance guarantee when a contract price code of ~~yes~~ ⁴ exists on the Prices tab in the actuarial documents for the crop, type, and practice.

Contract price authority (i.e., rules governing the use of contract prices and the method to determine a contract price) will be found in one of the following three places, listed in priority order:

1. Special Provisions, separate from this statement, which authorizes the use of the Contract Price Addendum (CPA);
2. Crop Provisions; or
3. CPA.

When the contract price code is ~~yes~~ on the Prices tab for the crop, type, and practice:

1. If the Crop Provisions or Special Provisions provide the contract price authority, your price will be determined in accordance with the Crop Provisions or Special Provisions. If neither the Crop Provisions or Special Provisions provide contract price authority, your price will be determined in accordance with the CPA; and
2. The Crop Provisions or Special Provisions may only provide contract price authority for specific types or practices. When this occurs, the CPA may be used to determine a contract price for other types or practices where contract price authority is not provided through the Crop Provisions or these Special Provisions.

Premium

Any acreage in this county with a high risk area designation on the actuarial map will have a rate adjusted in accordance with the high risk area and map area rates table.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Unless the AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For production qualifying under sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- c. The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- c. At any time during this delay in settlement, you may request to settle your claim for any unsold production using the applicable DFs.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If the production is later sold, we will not recalculate or adjust your claim for indemnity.
- f. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
