General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Price

Contract price:

You may use a contract price to determine your insurance guarantee when a contract price code of ~~yes~~ ⁴ exists on the Prices tab in the actuarial documents for the crop, type, and practice.

Contract price authority (i.e., rules governing the use of contract prices and the method to determine a contract price) will be found in one of the following three places, listed in priority order:

Special Provisions 2025 and Succeeding Crop Years

County: Stark (089)

- When the contract price code is **Yes** on the Prices tab for the crop, type, and practice:

Use All Production
County: Stark (089)

B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For production qualifying under sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- a. If the production is sold to a disinterested third party, the claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If the production is sold to a disinterested third party, the claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- c. If the production is sold to a disinterested third party, the claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If the production is sold to a disinterested third party, the claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- c. At any time during this delay in settlement, you may request to settle your claim for any unsold production using the applicable DFs.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If the production is later sold, we will not recalculate or adjust your claim for indemnity.
- f. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- g. If the production is sold to a disinterested third party, the claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

For production qualifying under sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

County: Stark (089)

1. The DF will be:
- a. If sold before or after production completion date, the value of the goods at the time of sale divided by the local market price.
 - b. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
 - c. Unsold 60 days after the calendar date for the EOIP, fed, utilized in any other manner, or is sold to other than a disinterested third party, the DF will be the applicable DFs shown in the chart below added to the applicable DFs included in sections A or B3 above.

DFs for Vomitoxin:

Special Provisions 2025 and Succeeding Crop Years

Year: 2025
Date: 11/19/2024

Commodity: Safflower (0049)
Plan: APH (90)

Upland Cotton (0001)
County: Stark (089)

Vomitoxin Range	DF
0.0 - 1.0 ppm	.000
1.1 - 1.5 ppm	.450
10.1 ppm & above	See C3 below

2. For production containing substances or conditions, other than Vomitoxin, that qualifies under section C with an Aflatoxin level of 300 ppb or less, or other substances or conditions with a level less than the maximum allowable, adjust the production in the following manner.
 - a. If on the date of final adjustment for the unit, the production was transported directly from the field to the buyer, or transported directly from the field and put into commercial storage without going into on farm storage, the DF will be:
 - i. For production sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - ii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight of Production}} \times \text{Weight of Production}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - iii. For unsold production containing Aflatoxin 60 days after the calendar date for the EOIP, the applicable DFs shown in the chart below in section C2b, added to the applicable DFs included in sections A or B2 above.
 - iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B2 above.
 - b. If on the date of final adjustment for the unit, the unsold production is in on-farm storage, is in commercial storage but was not transported directly from the field, was fed or utilized in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:
 - i. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight of Production}} \times \text{Weight of Production}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - ii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight of Production}} \times \text{Weight of Production}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - iii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight of Production}} \times \text{Weight of Production}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Special Provisions 2025 and Succeeding Crop Years

Year: 2025
Date: 11/19/2024

Commodity: Safflower (0049)
Plan: APH (90)

Use All: 100%
County: Stark (089)

Aflatoxin Range	DF
0.000-0.099 ppb	.000
0.100-0.199 ppb	.100
0.200-0.299 ppb	.200
0.300-0.399 ppb	.300
0.400-0.499 ppb	.400
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any substances or conditions qualifying under section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be completed for the unit, the following will apply (if such production is Zero Market Value, see section D):
 - a. If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - i. If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - ii. If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - b. If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - i. The RIV applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price for production sold to a third party, will be the claimant's responsibility.
 - ii. .500 for production that was in on-farm storage and was later sold, was in on-farm storage and was transported to commercial storage and later sold, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - c. If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
 - d. If production under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

ZERO MARKET VALUE PRODUCTION

If the unit is sold to a third party, the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit, and the claimant will be responsible for the cost of the unit.
