General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Price

Contract price:

You may use a contract price to determine your insurance guarantee when a contract price code of ~~Yes~~ exists on the Prices tab in the actuarial documents for the crop, type, and practice.

Contract price authority (i.e., rules governing the use of contract prices and the method to determine a contract price) will be found in one of the following three places, listed in priority order:

| Vomitoxin Range | DF |
| 0.1 - 1.0 ppm | .000 |
| 1.1 - 10.0 ppm | .450 |
| 10.1 ppm & above | See C3 below |

2. For production containing substances or conditions, other than Vomitoxin, that qualifies under section C with an Aflatoxin level of 300 ppb or less, or other substances or conditions with a level less than the maximum allowable, adjust the production in the following manner.
 - a. If on the date of final adjustment for the unit, the production was transported directly from the field to the buyer, or transported directly from the field and put into commercial storage without going into on farm storage, the DF will be:
 - i. For production sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - ii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight}} + \text{C2b DF}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - iii. For unsold production containing Aflatoxin 60 days after the calendar date for the EOIP, the applicable DFs shown in the chart below in section C2b, added to the applicable DFs included in sections A or B2 above.
 - iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B2 above.
 - b. If on the date of final adjustment for the unit, the unsold production is in on-farm storage, is in commercial storage but was not transported directly from the field, was fed or utilized in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:
 - i. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight}} + \text{C2b DF}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - ii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight}} + \text{C2b DF}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - iii. $\frac{\text{Total RIVs} \times \text{Local Market Price}}{\text{Total Weight}} + \text{C2b DF}$ (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B3 above.

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any substances or conditions qualifying under section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be completed. If the level of any of the above substances or conditions is found to be in excess of the maximum amount allowed, the claimant shall be entitled to an adjustment for the unit, the following will apply (if such production is Zero Market Value, see section D):
 - a. The claimant shall be entitled to a claim for the difference between the actual market value and the contract price, less the amount of any claim previously paid, plus interest, if any, on the amount of the claim.
 - i. The claimant shall be entitled to a claim for the difference between the actual market value and the contract price, less the amount of any claim previously paid, plus interest, if any, on the amount of the claim, if the claimant is a disinterested third party; or
 - ii. The claimant shall be entitled to a claim for the difference between the actual market value and the contract price, less the amount of any claim previously paid, plus interest, if any, on the amount of the claim, if the claimant is not a disinterested third party.
 - b. The RIV applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price for production sold to a disinterested third party, shall be applied to the claimant's claim.
 - i. The RIV applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price for production sold to a disinterested third party, shall be applied to the claimant's claim.
 - ii. .500 for production that was in on-farm storage and was later sold, was in on-farm storage and was transported to commercial storage and later sold, shall be applied to the claimant's claim.
 - c. If the level of any of the above substances or conditions is found to be unacceptable to us, such production will not be adjusted for any quality deficiencies listed in section C.
 - d. If production under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

ZERO MARKET VALUE PRODUCTION

The claimant shall be entitled to a claim for the difference between the actual market value and the contract price, less the amount of any claim previously paid, plus interest, if any, on the amount of the claim.
