#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

If during any of the three most recent crop years you incurred a paid crop insurance indemnity due to excess moisture or flood that was not associated with a named storm (hurricane, typhoon, or tropical storm named and designated as such by the National Oceanic and Atmospheric Administration's National Hurricane Center, or its successor), we will not insure against any future losses due to excess moisture or flood not associated with a named storm unless you make improvements to your nursery to mitigate future losses from these perils. At your request, we will inspect the improvements and, if acceptable, approve the nursery for renewed coverage against these perils.

In accordance with section 10(c)(1) of the Crop Provisions, viral infection of orchids is a covered cause of loss provided that the infected plants exhibit explicit physical symptoms of the disease (e.g., color break of flowers, ring-spot lesions, etc.). Additionally, in accordance with section 10(c)(5), asymptomatic plants for which the only damage is failure to grow to an expected size or failure to produce an expected number of flowers will not be considered damaged by an insurable cause of loss.

## Special Provisions

2026 and Succeeding Crop Years

Year: 2026

Commodity: Nursery (NVS) (1010)

Use: 440 [1] 1a [1] D

Date: 4/2/2025

Plan: Dollar Amount Of Insurance (50)

County: Clear Creek (019)

## Special Provisions

### 2026 and Succeeding Crop Years

Year: 2026	Commodity: Nursery (NVS) (1010)	Use All or Partial A/D
Date: 4/2/2025	Plan: Dollar Amount Of Insurance (50)	County: Clear Creek (019)

Leaf drop without death of the twigs, branches or stems is considered a normal response to cold and will not be considered as basis for a claim for all cultivars of Ficus benjamina, Ficus retusa, and Hibiscus rosa-sinensis; all species and cultivars of Ixora; and any genus, species, and cultivars of deciduous trees. Death of the twigs, branches, or stems is minimally required as a basis for claim.

**PROHIBITED PLANTS** - Any plant classified by a state or county as illegal to grow or sell in the county in which the nursery is located is uninsurable. For example, growing or selling plants classified as invasive species is illegal in many states and counties. No indemnity will be paid on any such plant.

À

Damage Factors:

Condition	Degree of Damage	Damage Factor
For Liners and Annual Plants Plant Categories		
Undamaged	10%	0.00
Dead/Zero Market Value	Dead or damaged to the extent the plant has zero market value and cannot be marketed	1.00
À		
For all other plant categories		
Undamaged	less than 10%	0.00
Retained Damaged	equal to or greater than 10%	0.50
Discarded Damaged	equal to or greater than 10%	0.75
Dead/Zero Market Value	Dead or damaged to the extent the plant has zero market value and cannot be marketed	1.00

In addition to section 1 of the Crop Provisions, the definition of standard nursery containers will include: (a) herbaceous biennial and perennial plants that are grown in the field in containers without a bottom in a manner that allows the plants' roots to grow into the ground, and (b) for all other plant categories, containers without a bottom that are placed on a barrier that will not permit the plants' roots, other than fibrous roots, to grow into the ground.

<b>Special Provisions</b>					
<b>2026 and Succeeding Crop Years</b>					
1.	For the purpose of this contract, the term "Contracted Area" shall mean the total number of acres of land contracted by the parties hereto, whether or not such land is actually planted or harvested.				
2.	The Contractor shall have the right to sublet all or part of the Contracted Area to third parties, provided that the Contractor remains responsible for the performance of the work under this contract.				
3.	In the event of a crop failure due to factors beyond the control of the Contractor, the Contractor shall be relieved of its obligation to perform the work under this contract for the affected area.				
4.	This contract shall be governed by the laws of the State of Illinois.				
5.	The entire agreement between the parties is contained herein and no other oral or written agreements, understandings, or negotiations shall be binding on either party.				
6.	This contract shall remain in full force and effect until the completion of the work hereunder.				
7.	The Contractor warrants that it has the necessary permits and licenses to perform the work under this contract.				
8.	The Contractor shall maintain adequate insurance coverage throughout the term of this contract.				
9.	The Contractor shall comply with all applicable federal, state, and local laws and regulations.				
10.	The Contractor shall provide regular progress reports to the Client.				
11.	The Contractor shall be responsible for obtaining all necessary materials and equipment for the work under this contract.				
12.	The Contractor shall be responsible for the safety of all personnel and equipment during the performance of the work.				
13.	The Contractor shall be responsible for the timely completion of the work under this contract.				
14.	The Contractor shall be responsible for the quality of the work performed under this contract.				
15.	The Contractor shall be responsible for the maintenance of the Contracted Area throughout the term of this contract.				
16.	The Contractor shall be responsible for the removal of debris from the Contracted Area upon completion of the work.				
17.	The Contractor shall be responsible for the protection of existing structures and utilities on the Contracted Area.				
18.	The Contractor shall be responsible for the restoration of the Contracted Area to its original condition upon completion of the work.				
19.	The Contractor shall be responsible for the payment of all taxes and fees associated with the performance of the work.				
20.	The Contractor shall be responsible for the procurement of all necessary services and materials for the work under this contract.				
21.	The Contractor shall be responsible for the coordination of the work with other contractors operating on the same site.				
22.	The Contractor shall be responsible for the communication of project status and changes to the Client.				
23.	The Contractor shall be responsible for the documentation of all work performed under this contract.				
24.	The Contractor shall be responsible for the archiving of all records related to the performance of the work.				
25.	The Contractor shall be responsible for the disposal of waste materials generated during the performance of the work.				
26.	The Contractor shall be responsible for the management of risks associated with the performance of the work.				
27.	The Contractor shall be responsible for the implementation of safety protocols during the performance of the work.				
28.	The Contractor shall be responsible for the training of personnel involved in the performance of the work.				
29.	The Contractor shall be responsible for the monitoring of environmental impacts during the performance of the work.				
30.	The Contractor shall be responsible for the reporting of incidents and accidents during the performance of the work.				
31.	The Contractor shall be responsible for the investigation and resolution of disputes arising from the performance of the work.				
32.	The Contractor shall be responsible for the negotiation and settlement of claims arising from the performance of the work.				
33.	The Contractor shall be responsible for the enforcement of contractual obligations during the performance of the work.				
34.	The Contractor shall be responsible for the compliance with industry standards and best practices during the performance of the work.				
35.	The Contractor shall be responsible for the adoption of new technologies and methods during the performance of the work.				
36.	The Contractor shall be responsible for the innovation and improvement of processes during the performance of the work.				
37.	The Contractor shall be responsible for the optimization of resources during the performance of the work.				
38.	The Contractor shall be responsible for the maximization of efficiency during the performance of the work.				
39.	The Contractor shall be responsible for the minimization of costs during the performance of the work.				
40.	The Contractor shall be responsible for the achievement of project goals and objectives during the performance of the work.				
41.	The Contractor shall be responsible for the satisfaction of the Client during the performance of the work.				
42.	The Contractor shall be responsible for the building of trust and rapport with the Client during the performance of the work.				
43.	The Contractor shall be responsible for the establishment of clear communication channels during the performance of the work.				
44.	The Contractor shall be responsible for the provision of transparent and honest information during the performance of the work.				
45.	The Contractor shall be responsible for the demonstration of integrity and ethical behavior during the performance of the work.				
46.	The Contractor shall be responsible for the promotion of a positive working environment during the performance of the work.				
47.	The Contractor shall be responsible for the encouragement of teamwork and collaboration during the performance of the work.				
48.	The Contractor shall be responsible for the facilitation of open and constructive dialogue during the performance of the work.				
49.	The Contractor shall be responsible for the resolution of conflicts and disputes during the performance of the work.				
50.	The Contractor shall be responsible for the achievement of mutual benefits and win-win outcomes during the performance of the work.

## I. General Cold Protection Facts

B. Objectives for nursery container Cold Protection Requirements (CPRs):

- C. Both the Basic CPRs and the more specific Operational CPRs are required for containerized and container-grown plants based on the hardiness zone for the plant. For example, if a plant is assigned to a specific Plant Category in a specific hardiness zone, then CPRs for that zone and that Plant Category are required. If a plant is assigned to a specific Plant Category in a specific hardiness zone, then CPRs for that zone and that Plant Category are required. If a plant is assigned to a specific Plant Category in a specific hardiness zone, then CPRs for that zone and that Plant Category are required.

### A. General Basic CPRs:

- ### B. Descriptive Basic CPRs.

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Nursery (NVS) (1010)	Use of Hay: No
Date: 4/2/2025	Plan: Dollar Amount Of Insurance (50)	County: Clear Creek (019)

1. All container plants must be irrigated to maintain appropriate moisture levels needed for optimum growth and winter cold hardness.
2. Y hay straw, etc.
3. Solar radiation protection via shade cloth or similar products must be provided as needed.
4. All plants must be provided cold and heat protection required to prevent winter injury, maintain dormancy during the winter, and to regain growth and vigor at
5. Structural and plant coverings shall consist of a polyethylene plastic film that is translucent (diffuse light transmission) or semi-transparent or slightly opaque
6. The use of hay straw, etc.
7. Protection may be season-long or applied and removed as needed to provide freeze or frost protection in accordance with Good Nursery Practices. The timing of protection application and removal, including venting during warm periods, can be as critical as the method of protection. The goal is to be Prepared
8. In providing proper cold protection, growers must consider the age or maturity of the plant as cold hardness varies according to the age of the plant with less mature plants being more subject to injury.
9. Consolidation of containers placed container-to-container pertains to placing individual containers as close together as possible to slow the rate of cooling of
10. Assignment of Operational CPRs are based on Plant Categories, however, some variation in protection needed can occur based on various species and

### III. Operational Cold Protection Requirements.

- A. Glass, Lexan types, Polycarbonate sheeting or Double Translucent Poly Covered Walk-in Structure or an environmentally controlled building with plants standing up or lying down, with appropriate supplemental heat, humidity and irrigation to prevent cold, freeze, heat or desiccation damage.
- B. Structureless Plant Bed with plants laid down and consolidated container-to-container, with Poly plus 1 Hay plus Poly plus 1 Hay completely

Q. Smudge Pots, Portable Heaters and/or Wind Machines with sufficient capacity to provide protection for all plants throughout the duration of potential frost damage.

R. No Protection.

**UNREPORTED PLANT CATEGORIES** - For catastrophic level of coverage, for each insured practice, you must insure and report on the NVR, the selected value of all insurable plant categories in each unit. Any unreported plant categories will not be insured. Additionally, in the event of a loss, we will calculate pre-loss actual unit value for each unreported plant category and assign the value proportionately to the pre-loss actual unit value. The plants in each unreported plant category will be listed as undamaged in the Appraisal Worksheet.

### Type

Plants of any species produced in standard nursery or greenhouse containers such as plug trays, sheet pots, tray packs, and bedding packs with cells equal to or less than 3 inches across at the widest point of the cell interior and they must maintain a firm root ball when lifted from the container.

**Plants of any species**

Plants of any species produced in standard nursery or greenhouse containers such as plug trays, sheet pots, tray packs, and bedding packs with cells equal to or less than 3 inches across at the widest point of the cell interior and they must maintain a firm root ball when lifted from the container.

Liners in trays containing multiple species, subspecies, varieties or cultivars are not insurable.

Plants in connected containers (i.e. plug trays, sheet pots, tray packs and bedding packs) with cells larger than 3 inches across at the widest point of the cell interior and they must maintain a firm root ball when lifted from the container.

For cold protection purposes, liners consisting of Annual Plants & Plants Grown for One Year or Less, palms, cycads and, have separate Cold Protection Requirements from liners consisting of perennials other than palms, cycads and plants grown for one year or less.

(2) Annual Plants and Plants Grown for One Year or Less

Date: 4/2/2025	Plan: Dollar Amount Of Insurance (50)	County: Clear Creek (019)

Plants that complete their life cycle within one year including summer annuals and winter annuals.

Genera Included: Abelmoschus, Agalinis, Ageratum, Alcea, Amaranthus, Anagallis, Anethum, Angelica, Anthriscus, Antirrhinum, Armoracia, Beta, Bidens, Brachyscome, Brassica, Browallia, Calandrinia, Calendula, Cannabis\*, Capsicum, Carum, Celosia, Chamaecrista, Chrysocephalum, Cistanthe, Citrullus, Cleome, Coriandrum, Cosmos, Cryptotaenia, Cucumis, Cucurbita, Daucus, Eruca, Eschscholzia, Eustoma, Exacum, Flaveria, Foeniculum, Gomphrena, Hebenstretia, Herniaria, Hunnemannia, Impatiens, Isatis, Lobularia, Luffa, Lunaria, Matricaria, Matthiola, Murdannia, Nemesia, Nicotiana, Nierembergia, Ocimum, Oryza, Pericallis, Perilla, Petroselinum, Petunia, Pimpinella, Salpiglossis, Solanum, Stevia, Tagetes, Torenia, Valerianella, Verbascum, Viola, Zea, Zinnia.

\* Cannabis sativa L is the only insurable species under the genus Cannabis.

In addition to the Annual Plants in this category, also included are herbaceous plants that are not Annual Plants, but they are plants that are grown for one year or less, mainly for annual seasonal celebrations, annual seasonal gardens and annual seasonal special occasions.

This does not include small plants of this category grown as Liners or plants grown as Foliage Plants.

Genera Included: Colocasia, Lilium, Musa, Poinsettia, Solanum, Other Non-Annual Specific-use Species.

### (3) Herbaceous Biennial and Perennial Plants

Plants that have non-woody stems and live for more than one year. In temperate zone winters, the above-ground growth of Herbaceous Biennial and Perennial Plants may die back to the ground; however, these Biennial and Perennial Plants remain insured as Herbaceous Biennial and Perennial Plants.

This does not include small plants of this category grown as Liners or plants grown as Foliage Plants.

Genera Included: Acaena, Acanthus, Achillea, Achlys, Acinos, Acmea, Acmispon, Aconitum, Acorus, Acrostichum, Actaea, Adenophora, Aegopodium, Aethionema, Agapanthus, Agapetes, Agastache, Ageratina, Agoseris, Agropyron, Agrostis, Ajuga, Alcea, Alchemilla, Alisma, Allium, Alonsoa, Alopecurus, Aloysia, Alstroemeria, Alpinia, Alyssum, Alyxia, Amaryllis, Ambrosia, Ammophila, Amomum, Amorpha, Amorphophallus, Ampelaster, Ampelodesmos, Amphicarpum, Amsonia, Anacyclus, Anaphalis, Anchusa, Andreopogon, Androsace, Andryala, Anemanthus, Anemone, Anemonopsis, Anemopsis, Angelonia, Anigozanthos, Antennaria, Anthemis, Anthericum, Anthoxanthum, Anthyllis, Apium, Aquilegia, Arabis, Arachis, Arachniodes, Aralia, Araujia, Arctanthemum, Arctotis, Arenaria, Argentina, Argyanthemum, Arisaema, Arisarum, Aristea, Aristida, Aristolochia, Arisaema, Arnica, Arneglossum, Arrhenatherum, Artemisia, Arthropodium, Arum, Aruncus, Arundo, Asarina, Asarum, Asclepias, Asparagus, Asperula, Asphodeline, Astelia, Aster, Asteriscus, Astilbe, Astilboides, Astragalus, Astringia, Arystasia, Aubrieta, Aureolaria, Aurinia, Azara, Azorella, Babiana, Bacopa, Baileyia, Ballota, Balsamorhiza, Baptisia, Bauera, Baumea, Beckmannia, Beesia, Bellis, Bellium, Bergenia, Bertandiera, Besseyia, Billardiera, Blephilia, Boehmeria, Boesenbergia, Bolax, Bolboschoenus, Boltonia, Bomarea, Borago, Bothriochloa, Bouteloua, Bouvardia, Boykinia, Brachyglottis, Brachypodium, Brillantaisia, Briza, Bromus, Brunnera, Buchloe, Bulbinella, Bupthalmum, Burbidgia, Butomus, Caladium, Calamagrostis, Calamintha, Calamovilfa, Calceolaria, Calibrachoa, Callirhoe, Callisia, Calostemma, Caltha, Calyophus, Calystegia, Camassia, Campanula, Canistrum, Canna, Cardamine, Carduncellus, Carex, Carlina, Carpobrotus, Castilleja, Catananche, Catha, Catharanthus, Caulophyllum, Cautleya, Centaurea, Centaurium, Centella, Centradenia, Centranthus, Centrathum, Cephalaria, Cephalotus, Cerastium, Ceratostigma, Ceropegia, Chaenorrhinum, Chamaebatiaria, Chamaemelum, Chasmanthe, Chasmanthium,
