General

The final planting date applies to both the female and male carrot seed.

In accordance with section 1 of the Crop Provisions, the sample weight for purposes conducting a certified seed test will be 0.50 pounds for each variety grown on the unit.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Insurance Availability

Frost or freeze is not an insurable cause of loss after September 30 of the harvest calendar year.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.
