General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use: 100WZ00 JD
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Garfield (017)

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For the purpose of this section, the term "quality" means the quality of the crop as determined by the quality adjustment factors.

For the purpose of this section, the term "quality adjustment factors" means the factors that are used to determine the quality of the crop. The quality adjustment factors are considered in determining production to count.

For the purpose of this section, the term "net production" means the production of the crop after the quality adjustment factors are applied. The net production is determined by subtracting the quality adjustment factors from the production of the crop.

For the purpose of this section, the term "qualifying for quality adjustment" means the crop must be of a quality that is sufficient to be adjusted under the quality adjustment factors.

For the purpose of this section, the term "extension of time to harvest" means the period of time that is granted to the producer to harvest the crop. The extension of time to harvest is granted to the producer if the crop is not harvested by the end of the insurance period.

For the purpose of this section, the term "sold" means the crop is sold to a third party. The crop is sold to a third party if the producer receives payment for the crop from a third party.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use: 100W2601 JD
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Garfield (017)

Production qualifying under Sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- a. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- b. Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

1.

1. OPTION TO DELAY CLAIM SETTLEMENT

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- f. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- g. If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

2.

2. SECTION 14(e) OF THE BASIC PROVISIONS

U) If the production is sold to a disinterested third party, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

SECTION D - ZERO MARKET VALUE PRODUCTION

- [illegible]

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-A person or business who does not routinely purchase production for resale or for feed will not be considered a disinterested third party if the RIVs applied by the buyer are not reflective of the RIVs in the local market.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-A Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-A Grain that does not meet the definition of %sold.
