General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

In lieu of section 7 of the Small Grains Crop Provisions, the end of insurance period for winter-type acreage will be August 31 immediately following planting.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Unit: 1000 bushels
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Allegheny (003)

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For the purpose of this section, the following definitions apply:

Production to Count: The total amount of production that is sold or otherwise disposed of, less any production that is lost, damaged, or otherwise not available for sale or disposal. Production to count is determined by the following factors:

1. The production must be sold or otherwise disposed of within the time period specified in the contract.

2. The production must be sold or otherwise disposed of to a qualified buyer, as defined in the contract.

3. The production must be sold or otherwise disposed of at a price that is not less than the market price for the production at the time of sale or disposal.

4. The production must be sold or otherwise disposed of in a manner that is not subject to any lien or other claim of a third party.

5. The production must be sold or otherwise disposed of in a manner that is not subject to any other condition that would prevent the production from being sold or otherwise disposed of.

6. The production must be sold or otherwise disposed of in a manner that is not subject to any other condition that would prevent the production from being sold or otherwise disposed of.
