General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use: 100/acre A/D
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Jones (253)

Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

In lieu of the provisions in section 22(a) of the Basic Provisions that says "[h]owever, unless specifically required by policy provisions, you must not obtain any other crop insurance authorized under the Act on your share of the insured crop," you may obtain a Small Grains Crop Insurance policy and an Annual Forage policy on the same acreage that is planted with the intent of grazing the crop first and then later harvesting the crop for grain.

2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	U.S. Farm Income Tax ID
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Jones (253)

B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.
- Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- Unless the insured elects in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.
- If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date that the insured determines the crop is a total loss. If the insured harvests the crop, the insured must provide written notice to the insurer within 60 days of the date of harvest. If the insured does not provide written notice within 60 days, the insured will be deemed to have harvested the crop on the date of harvest. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

END OF SPECIAL PROVISIONS

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use Allowance Code: UACID
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Jones (253)

~~This statement does not supersede the provisions contained in section 14(e) in the Basic Provisions.~~

3. EXTENSION OF TIME TO HARVEST

Unless the AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B, and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of insurance period (EOIP).

QA and we allow an extension of time to harvest, the time to determine insurable quality deficiencies will also be extended to 60 days after the EOIP. All samples for QA

your crop until AFTER 60 days after the calendar date for the EOIP, and your production qualifies for quality adjustment under sections B1, C1a or C2a i, you will be

allowed 30 days after harvest to market your grain and receive an RIV unless the production qualifies solely under Section A, in which case, only the DF(s) in Section A

claim for indemnity not later than the earlier of 60 days after harvest, or 60 days after the date we determine the crop could have been harvested and you did not

4. DELAY IN MEASUREMENT OF FARM STORED PRODUCTION

[illegible]

5. FAIR CONSIDERATION TO DELIVER TO DISTANT MARKETS

On 8/1/2016, the following information was received from the Department of the Treasury, Internal Revenue Service, regarding the sale of the property described above:

The property was sold to other than a disinterested third party, fed, utilized in any other manner, or when a pre-established DF is applicable.

6. ZERO MARKET VALUE

If on the date of final inspection for the unit, any production which due to insurable causes is determined to have zero market value***, such production will not be

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use: 100% for QID
Date: 6/17/2025	Plan: Yield Protection (01)	County: Jones (253)
	Revenue Protection (02)	
	Revenue Prot with Harvest Price Exclusion (03)	

market value, except for production fed or used in any other manner.

7. REDUCTION IN VALUE (RIV):

ÜÖ×Á ~ •Á^Á^æ [] æ| ^Ë • æËæ a& •ç { æ ^Ë [ÜÖ×Á a|Á^Á æ^Á |Á&^] ç^Á^ Á •Á/Á Á ^Áç K

- a. Moisture content;
- b. Damage due to uninsured causes;
- c. Drying;
- d. Handling;
- e. Processing; or
- f. $\frac{Q_{\text{RIV}} \times \text{Price}^*}{Q_{\text{RIV}} + Q_{\text{Local}}}$ if the RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- g. $\frac{Q_{\text{RIV}} \times \text{Price}^*}{Q_{\text{RIV}} + Q_{\text{Local}}}$ if the RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- h. $\frac{Q_{\text{RIV}} \times \text{Price}^*}{Q_{\text{RIV}} + Q_{\text{Local}}}$ if the RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- i. $\frac{Q_{\text{RIV}} \times \text{Price}^*}{Q_{\text{RIV}} + Q_{\text{Local}}}$ if the RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- ii. If a lower RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- iii. $\frac{Q_{\text{RIV}} \times \text{Price}^*}{Q_{\text{RIV}} + Q_{\text{Local}}}$ if the RIV is available for production sold at a distant market, the RIV at the distant market may be increased by the fair consideration to deliver the production to the distant market, provided the resulting RIV does not exceed the RIV in your local marketing area.
- iv. The RIV and local market price* are determined on the date such quality adjusted production is sold to a disinterested third party.

SECTION A - DISCOUNT FACTOR CHARTS

[illegible]

GRADE DISCOUNT:

Barley will be discounted for grade as specified within the Quality Adjustment Tab located in the AD.

TEST WEIGHT DISCOUNT:

Discounts for low test weight are as follows (U.S. No. 5 for Test Weight . 45 to 36.0 lbs.; U.S. Sample Grade . 45 and below):

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use 100% of A
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Jones (253)

Test Weight Pounds	DF
36 and above	None

into commercial storage prior to being sold.

- ii. .500 for production that was in on-farm storage and was later sold, was in on-farm storage and was transported to commercial storage and later sold,
- c. unacceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of insurance period,

SECTION D - ZERO MARKET VALUE PRODUCTION

[illegible]

- [illegible]

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-As a person or business who does not routinely purchase production for resale or for feed will not be considered a disinterested third party if the RIVs applied by the buyer are not reflective of the RIVs in the local market.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-As Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-As Grain that does not meet the definition of %sold.
