#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

#### Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

#### Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 1.

## Special Provisions 2026 and Succeeding Crop Years

$$\mathbb{U} \subset \mathbb{R}^n \times \mathbb{R}^m \setminus \{0\} \quad \{0\} \in \mathbb{D}$$

County: Sequoyah (135)

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

In lieu of the provisions in section 22(a) of the Basic Provisions that says "[h]owever, unless specifically required by policy provisions, you must not obtain any other crop insurance authorized under the Act on your share of the insured crop," you may obtain a Small Grains Crop Insurance policy and an Annual Forage policy on the same acreage that is planted with the intent of grazing the crop first and then later harvesting the crop for grain.

## 2. SECTION 14(e) OF THE BASIC PROVISIONS

### 3. EXTENSION OF TIME TO HARVEST

[illegible]

If you elect to delay measurement of farm stored production as provided in the Basic Provisions, all samples of farm stored production used to determine insurable quality deficiencies must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the EOIP, otherwise such production will not be eligible for payment.

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	County: Sequoyah (135)
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	

For the purpose of this provision, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.

- a. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- b. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- c. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.

DFs for Vomitoxin:

Vomitoxin Range	DF
0.1 to 10.0 ppm	See Quality Adjustment Tab for Discount Factors
10.1 ppm & above	See C3 below

2. For the purpose of this provision, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- a. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- i. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- ii. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- iii. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A, or B2 above.
- v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.
- b. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Upland Cotton (135)
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Sequoyah (135)

- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

### SECTION D - ZERO MARKET VALUE PRODUCTION

0. If a producer does not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:

1. V. If a producer does not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
2. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
  - a. 0. If a producer does not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
  - b. 0. If a producer does not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
  - c. For production in Section C1 or C2, such production will not be adjusted for any quality deficiencies listed in Section C.
3. 0. If a producer does not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-As defined in the applicable Basic, Crop, or these Provisions.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-Grain that does not meet the definition of %sold.
