T/P 6	Winter 091 *4	Organic(Transitional) Irr. 712 *4

#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

#### Date

\*4 In lieu of section 6 (a)(2) of the Basic Provisions, you must submit your acreage report on or before the acreage reporting date contained in these Special Provisions.

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

## Special Provisions 2026 and Succeeding Crop Years

Ùæ^kMÔæ[!}æÉD

County: Merced (047)

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

**Insured Crop:** In addition to section 6 of the Small Grains Crop Provisions, the person must submit acceptable records of acreage and harvested grain production for the non-irrigated practice by the production reporting date. On a county basis, these records must show that the person planted and harvested eighty percent of their acreage for grain in at least one year of the last five consecutive crop years. Using another producer's records does not meet this requirement. The person must provide supporting evidence/verifiable records of the grain production in accordance with the Crop Insurance Handbook procedures.

GENERAL STATEMENTS:

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026  
Date: 6/17/2025

Commodity: Barley (0091)  
Plan: Yield Protection (01)  
Revenue Protection (02)  
Revenue Prot with Harvest Price Exclusion (03)

Use All Data in AOIP  
County: Merced (047)

Automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- a. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- b. Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

### 1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- b. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP.
- c. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- d. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- e. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- f. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- g. If the claimant elects to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

### 2. EXTENSION OF TIME TO HARVEST

This statement does not supersede the provisions contained in section 14(e) in the Basic Provisions.

### 3. EXTENSION OF TIME TO HARVEST

## Special Provisions 2026 and Succeeding Crop Years

County: Merced (047)

Q3. A farmer who has harvested grain before the date we determine the crop could have been harvested and you did not claim for indemnity not later than the earlier of 60 days after harvest, or 60 days after the date we determine the crop could have been harvested and you did not

[illegible][illegible]

If on the date of final inspection for the unit, any production which due to insurable causes is determined to have zero market value\*\*\*, such production will not be eligible for a claim for the unit. The market value of the production shall be determined by the market value of the production on the date of final inspection for the unit, except for production fed or used in any other manner.
