General

Optional unit division is NOT available by section or section equivalent. Optional unit division is available based on FSA farm number and any other method specified in the Basic Provisions or Crop Provisions except section or section equivalent. To be eligible for the available methods of optional unit division, you must meet all applicable requirements.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Special Provisions 2026 and Succeeding Crop Years

Ùæ^kMOTææ æGFD

County: Tuscaloosa (125)

Premium

Any acreage in this county with a high risk area designation on the actuarial map will have a rate adjusted in accordance with the high risk area and map area rates table.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Oats (0016)	Use: 100% Feed
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Tuscaloosa (125)

automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- a. Sections C1 or C2 and Section A below, the DF will be determined by adding the applicable DFs from Section A to the applicable DFs from Sections C1 or C2.
- b. If the production is sold to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP.
- c. If the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP.
- c. If the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If the production is later sold, we will not recalculate or adjust your claim for indemnity.
- f. If the production is sold to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP.
- g. If the production is sold to a disinterested third party within 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.

Only when it has been determined that the production qualifies for quality adjustment will the provisions in this Quality Adjustment Statement apply, otherwise this SP statement does not supersede the provisions contained in section 14(e) in the Basic Provisions.

Unless the AIP grants an extension to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B, and C

10.1 ppm & above	See C3 below

2. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - a. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - i. For production sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - ii. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - iii. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.
 - b. If on the date of final adjustment for the unit, the unsold production is in on-farm storage, is in commercial storage but was not transported directly from the field, was fed or utilized in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:
 - i. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - ii. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - iii. If the level of a substance or condition with a level less than the maximum allowable, adjust the production in the following manner.
 - iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.

DFs for Aflatoxin:

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Oats (0016)	Use: 0001 and 0002
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Tuscaloosa (125)

Aflatoxin Range	DF
0.0 - 1.0 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.

a. If the claimant is a third party, the claimant must be a disinterested third party; or

b. If the claimant is a third party, the claimant must be a disinterested third party; or

c. If the claimant is a third party, the claimant must be a disinterested third party; or

d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of insurance period, such production will not be adjusted for any deficiencies listed in Section C.
