General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Refer to the prices tab for the percentage of sugar for appraisals.

In lieu section 2(b) of the Sugarcane Crop Provisions, instead of reporting your sugarcane production for the current crop year by the insured's production reporting date as required by subsection 3(f)(1) of the Basic Provisions, there is a lag period of one year and you are required to report production from two crop years previously by the production reporting date, e.g., 2022 crop year production must be reported by the production reporting date for the 2024 crop year.

Price

Contract price:

You may use a contract price to determine your insurance guarantee when a contract price code of ~~yes~~ exists on the Prices tab in the actuarial documents for the crop, type, and practice.

Contract price authority (i.e., rules governing the use of contract prices and the method to determine a contract price) will be found in one of the following three places, listed in priority order:

1. Special Provisions, separate from this statement, which authorizes the use of the Contract Price Addendum (CPA);

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Sugarcane (0038)	Use NRI or IAC
Date: 6/4/2025	Plan: APH (90)	County: Martin (085)

2. Crop Provisions; or
3. CPA.

When the contract price code is ~~yes~~ ☒ on the Prices tab for the crop, type, and practice:

1. If the Crop Provisions or Special Provisions provide the contract price authority, your price will be determined in accordance with the Crop Provisions or Special Provisions. If neither the Crop Provisions or Special Provisions provide contract price authority, your price will be determined in accordance with the CPA; and
2. The Crop Provisions or Special Provisions may only provide contract price authority for specific types or practices. When this occurs, the CPA may be used to determine a contract price for other types or practices where contract price authority is not provided through the Crop Provisions or these Special Provisions.

For the purposes of the Sugarcane Crop Insurance Crop Replacement Endorsement, the base payment amount is \$599.00.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.
