General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Refer to the Margins and Yields tab of these actuarial documents for the data source used for area yields.

Date

In addition to the provisions of section 34(a)(1) of the Basic Provisions, the earliest sales closing date for policyholders who have a base policy is the sales closing date of the base policy and not Margin Protection. All other terms of section 34(a)(1) remain in effect.

Special Provisions					
2026 and Succeeding Crop Years					
1.	For the purpose of this contract, the term "Special Provisions" shall refer to the provisions set forth herein.				
2.	The Contractor shall comply with all applicable laws, regulations, and standards governing the construction of the project.				
3.	The Contractor shall maintain adequate records of all work performed and materials used throughout the project.				
4.	The Contractor shall provide regular progress reports to the Owner at intervals specified by the Owner.				
5.	The Contractor shall ensure that all work is completed in accordance with the approved plans and specifications.				
6.	The Contractor shall be responsible for obtaining all necessary permits and licenses for the project.				
7.	The Contractor shall maintain access to adjacent properties at all times during the construction process.				
8.	The Contractor shall implement appropriate safety measures to protect workers and the public from construction activities.				
9.	The Contractor shall manage construction traffic efficiently to minimize disruption to surrounding areas.				
10.	The Contractor shall coordinate with utility companies to locate and mark underground utilities before excavation.				
11.	The Contractor shall protect existing trees and vegetation that are not to be removed or damaged.				
12.	The Contractor shall implement erosion control measures to prevent sediment runoff into nearby water bodies.				
13.	The Contractor shall ensure proper disposal of construction waste and debris at designated facilities.				
14.	The Contractor shall adhere to noise abatement practices to limit disturbance to neighboring residents.				
15.	The Contractor shall follow best practices for dust control during earthmoving and material handling operations.				
16.	The Contractor shall schedule heavy construction activities to avoid peak traffic hours whenever possible.				
17.	The Contractor shall establish clear boundaries for the construction site and restrict unauthorized access.				
18.	The Contractor shall conduct regular inspections of the site to identify and address potential issues promptly.				
19.	The Contractor shall maintain communication channels open with the Owner and other stakeholders throughout the project.				
20.	The Contractor shall submit final as-built drawings and documentation upon completion of the project.

Insurance Availability

In lieu of section 2(h) of the Margin Protection plan provisions, insureds with MP may not elect SCO on the Base policy. If SCO is elected, the SCO election will be void.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.
