Special Provisions

2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use All, A ^ 3, A ^ 4
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Luna (029)

General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

DFs for Vomitoxin:

Special Provisions 2026 and Succeeding Crop Years

Year: 2026
Date: 6/17/2025

Commodity: Wheat (0011)
Plan: Yield Protection (01)
Revenue Protection (02)
Revenue Prot with Harvest Price Exclusion (03)

Use: 100%, A^c3, CH D
County: Luna (029)

Aflatoxin Range	DF
0.0 to 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.
- a. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- b. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- c. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.

- If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
