General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

In lieu of section 7 of the Small Grains Crop Provisions, the end of insurance period for winter-type acreage will be August 31 immediately following planting.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use: 100% * a a FD
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Shenandoah (171)

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Aflatoxin Range	DF
0.0 - 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.
- a. If the level of Aflatoxin is 300 ppb or more, the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.

 - i. The claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss, and the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.
 - ii. The claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss, and the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.
 - b. If the level of Aflatoxin is 300 ppb or more, the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.

 - i. The claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss, and the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.
 - ii. The claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss, and the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.
 - c. If the level of Aflatoxin is 300 ppb or more, the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.
 - d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

If the level of Aflatoxin is 300 ppb or more, the claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.

1. The claimant must provide evidence that the production was sold, fed, utilized in any other manner, or destroyed within 365 days of the date of the loss.

Special Provisions 2026 and Succeeding Crop Years

Ùcæ^kǻǻKǻ* ā āǻǻ FD

County: Shenandoah (171)

- [illegible]

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-A person or business who does not routinely purchase production for resale or for feed will not be considered a disinterested third party if the RIVs applied by the buyer are not reflective of the RIVs in the local market.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-A Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-A Grain that does not meet the definition of %sold.
