General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. If you sell the production to a disinterested third party during this delay, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- c. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- d. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- e. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- f. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- g. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

GÄÜÖÖVQ P Ä I Ç D U Ö A P Ö Á Ö Ü Ö Á Ü Ü X Ö Q P Ü

This statement does not supersede the provisions contained in section 14(e) in the Basic Provisions.

3. EXTENSION OF TIME TO HARVEST

Unless the AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B, and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of insurance period (EOIP).

Q1. A farmer who has planted a crop of grain in a field that is subject to a drought declaration may apply for a RIV if the crop is damaged by drought conditions. The time to determine insurable quality deficiencies will also be extended to 60 days after the EOIP. All samples for QA must be taken within 60 days after harvest, or 60 days after the date we determine the crop could have been harvested and you did not harvest it. If you do not harvest your crop until AFTER 60 days after the calendar date for the EOIP, and your production qualifies for quality adjustment under sections B1, C1a or C2a i, you will be allowed 30 days after harvest to market your grain and receive an RIV unless the production qualifies solely under Section A, in which case, only the DF(s) in Section A may be used. You must claim for indemnity not later than the earlier of 60 days after harvest, or 60 days after the date we determine the crop could have been harvested and you did not harvest it.

Vomitoxin Range	DF
0.1 - 0.4 ppm	See Quality Adjustment Tab for Discount Factors
10.1 ppm & above	See C3 below

2. If you elect to delay settlement, you must adjust the production in the following manner:
- If you elect to delay settlement, the DF will be:
 - all insurable quality deficiencies, and that value divided by the local market price.
 - C2b (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A, or B2 above.
 - For unsold production containing all other mycotoxins or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B2 above.
- b. If you elect to delay settlement, the DF will be:
- applicable DFs included in sections A or B2 above.
 - applicable DFs included in sections A or B2 above.
 - applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Aflatoxin Range	DF
0-300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

À

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed
 - a. If the level of Aflatoxin or Vomitoxin is in excess of the maximum amount allowed, the claim will be adjusted based on the following:
 - i. If the production was sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of sale, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.
 - ii. If the production was not sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of the loss, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.
 - b. For production containing Aflatoxin or any other substances or conditions (except for production containing Vomitoxin as detailed in C3 a above), the DF will be:
 - i. If the production was sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of sale, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.
 - ii. If the production was not sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of the loss, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.
 - c. If the production was sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of sale, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.
 - d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of insurance period, the claim will be adjusted based on the actual market value of the production at the time of the loss, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.

SECTION D - ZERO MARKET VALUE PRODUCTION

If the level of Aflatoxin or Vomitoxin is in excess of the maximum amount allowed, the claim will be adjusted based on the following:

1. If the production was sold, fed, or utilized in any other manner, the claim will be adjusted based on the actual market value of the production at the time of sale, less the cost of production, and the claimant is responsible for the cost of the claimant's defense.

County: Hyde (095)

- [illegible]

* Local Market Price as defined in the applicable Basic, Crop, or these Provisions.

** %Disinterested third party- A person or business who does not routinely purchase production for resale or for feed will not be considered a disinterested third party if the RIVs applied by the buyer are not reflective of the RIVs in the local market.

*** ~~Zero market value~~ - occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.

**** %Sold-A Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.

*****	%Insold + Grain that does not meet the definition of %sold.
