General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.

- a. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- i. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- ii. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- b. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- i. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- ii. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- c. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.

1. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
2. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
 - a. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
 - b. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
 - c. For production in Section C1 or C2, such production will not be adjusted for any quality deficiencies listed in Section C.
3. If the level of the claim is less than the level of the claim for the year, the claim will be adjusted for the difference between the level of the claim for the year and the level of the claim for the year.
