General

Optional unit division is NOT available by section or section equivalent. Optional unit division is available based on Farm Serial Number (FSN) and any other method specified in the Basic Provisions or Crop Provisions except section or section equivalent. To be eligible for the available methods of optional unit division, you must meet all applicable requirements.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use: 0000
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Gibson (053)

Premium

Any acreage designated as unrated on the actuarial map will be insurable only by written agreement. Contact your crop insurance agent by the sales closing date to determine eligibility requirements.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For the purpose of this section, the term "qualifying production" means the production of a crop that is eligible for insurance under the plan and that is not subject to any of the exclusions or limitations in the plan.

For the purpose of this section, the term "quality adjustment" means the adjustment to the production of a crop that is based on the quality of the production. The quality adjustment shall be determined by the quality adjustment factors that are listed in the plan. The quality adjustment factors are considered in determining production to count.

For the purpose of this section, the term "net production" means the production of a crop that is eligible for insurance under the plan and that is not subject to any of the exclusions or limitations in the plan, after the quality adjustment has been applied. The net production shall be determined by the net production factors that are listed in the plan. The net production factors are considered in determining net production to count.

For the purpose of this section, the term "qualifying for quality adjustment" means the production of a crop that is eligible for insurance under the plan and that is not subject to any of the exclusions or limitations in the plan, and that is not subject to any of the exclusions or limitations in the plan. The qualifying for quality adjustment shall be determined by the qualifying for quality adjustment factors that are listed in the plan. The qualifying for quality adjustment factors are considered in determining qualifying for quality adjustment to count.

For the purpose of this section, the term "extension of time to harvest" means the extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under Sections A, B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For the purpose of this section, the term "production qualifying under section B or C" means the production of a crop that is eligible for insurance under the plan and that is not subject to any of the exclusions or limitations in the plan, and that is not subject to any of the exclusions or limitations in the plan. The production qualifying under section B or C shall be determined by the production qualifying under section B or C factors that are listed in the plan. The production qualifying under section B or C factors are considered in determining production qualifying under section B or C to count.

For the purpose of this section, the term "production qualifying under Sections B or C" means the production of a crop that is eligible for insurance under the plan and that is not subject to any of the exclusions or limitations in the plan, and that is not subject to any of the exclusions or limitations in the plan. The production qualifying under Sections B or C shall be determined by the production qualifying under Sections B or C factors that are listed in the plan. The production qualifying under Sections B or C factors are considered in determining production qualifying under Sections B or C to count.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Unit: 1000 bushels
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Gibson (053)

automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

VOAD for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the provisions of the Basic Provisions.

- a. Unit of production for quality adjustment will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- b. Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. Unit of production for quality adjustment will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

Á

1. OPTION TO DELAY CLAIM SETTLEMENT

- a. On the date of final inspection for the unit, if any of your unsold***** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- c. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- f. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- g. VOAD for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the provisions of the Basic Provisions.

Á

2. SECTION 14(e) OF THE BASIC PROVISIONS

Unit of production for quality adjustment will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2. statement does not supersede the provisions contained in section 14 (e) in the Basic Provisions.

SECTION A - DISCOUNT FACTOR CHARTS

GRADE DISCOUNT:

5

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use No. 1
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Gibson (053)

- “ U.S. Sample Grade for Kernel Damage - 15.01% and above
- “ U.S. Sample Grade for Total Defects - 20.01% and above

Only one DF for grade can be applied.

TEST WEIGHT DISCOUNT:

For all Spring and White Club wheat will be discounted for low test weight as follows (U.S. Grade No. 5 for Test Weight . 45 lbs. to 50 lbs.; U.S. Sample Grade . 45 lbs. and below):

Test Weight Pounds	DF
50 and above	None
49.99-44	See Quality Adjustment Tab for Discount Factors
Below 44	See Section B

For all Hard Red Winter wheat will be discounted for low test weight as follows (U.S. Grade No. 5 for Test Weight . 45 lbs. to 51 lbs.; U.S. Sample Grade . 45 lbs. and below):

Test Weight Pounds	DF
50 and above	None
49.99-44	See Quality Adjustment Tab for Discount Factors
Below 44	See Section B

For all Soft Red Winter wheat will be discounted for excessive Defects as follows:

SRW, HRW, and HWW classes of wheat will be discounted for excessive Defects as follows:

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use: 0000
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Gibson (053)

Defects %	DF
15 and below	None
15.01-35	See Quality Adjustment Tab for Discount Factors
Above 35	See section B

SWW, HRS, and DUM classes of wheat will be discounted for excessive Defects as follows:

Defects %	DF
10 and below	None
10.01-35	See Quality Adjustment Tab for Discount Factors
Above 35	See section B

For all classes of wheat, if the average falling number is less than 30, the production is not eligible for any additional discount factor in the Falling Number Discount Table or the Sprout Damage Discount Table below.

SPROUT DAMAGE DISCOUNT FOR ALL CLASSES

For all classes of wheat, if the average falling number is less than 30, the production is not eligible for any additional discount factor in the Falling Number Discount Table or the Sprout Damage Discount Table below.

Sprout Damage Percent	DF
10 and below	None
10.01 - 15.0	See Quality Adjustment Tab for Discount Factors
Above 15.0	See Section B

FALLING NUMBER DISCOUNTS:

For all classes of wheat, if the average falling number is less than 30, the production is not eligible for any additional discount factor in the Falling Number Discount Table or the Sprout Damage Discount Table above.

In addition to the quality deficiencies allowed in section 11 (d) of the Small Grains Crop Provisions, the following quality factors for Falling Number will apply:

All Other Classes of wheat will be discounted for falling number, regardless of U.S. grade designation as follows:

Special Provisions 2026 and Succeeding Crop Years
