General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use Allotment A
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Tippecanoe (157)

Any acreage designated as unrated on the actuarial map will be insurable only by written agreement. Contact your crop insurance agent by the sales closing date to determine eligibility requirements.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For the purpose of this section, the following definitions apply:

Net Production: The net production of a crop is the total production of the crop, less the production of the crop that is lost due to factors such as weather, pests, or other causes. The net production of a crop is determined by the following factors:

1. The total production of the crop, as determined by the following factors:

2. The total production of the crop, as determined by the following factors:

3. The total production of the crop, as determined by the following factors:

4. The total production of the crop, as determined by the following factors:

5. The total production of the crop, as determined by the following factors:

6. The total production of the crop, as determined by the following factors:

- a. The total production of the crop, as determined by the following factors:

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use Quality Adjustment
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Tippecanoe (157)

For all wheat classes, if the production is not eligible for any additional discount factor in the Falling Number Discount Table or the Sprout Damage Discount Table below, the production is not eligible for any additional discount factor in the Defects Discount Table or the Sprout Damage Discount Table above.

SPROUT DAMAGE DISCOUNT FOR ALL CLASSES

Using the Quality Adjustment Table or the Sprout Damage Discount Table below, the production is not eligible for any additional discount factor in the Falling Number Discount Table or the Sprout Damage Discount Table below.

Sprout Damage Percent	DF
10 and below	None
10.01 - 15.0	See Quality Adjustment Tab for Discount Factors
Above 15.0	See Section B

FALLING NUMBER DISCOUNTS:

Equipment and procedure used to perform what is generally referred to as a "quick test" or "falling number" test. If the production is not eligible for any additional discount factor in the Falling Number Discount Table, the production is not eligible for any further sprout damage discount in the Defects Discount Table or the Sprout Damage Discount Table above.

In addition to the quality deficiencies allowed in section 11 (d) of the Small Grains Crop Provisions, the following quality factors for Falling Number will apply:

All Other Classes of wheat will be discounted for falling number, regardless of U.S. grade designation as follows:

Falling Number Range	DF
299-200	See Quality Adjustment Tab for Discount Factors
Below 200	See Section B

Aflatoxin Range	DF
0.0 - 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.
- a. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- b. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- c. If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

If you elect to destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.

- If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:

Special Provisions 2026 and Succeeding Crop Years
