Table with 3 columns: TP, Type, Practice. Rows include T/P 05 (Spring 012, Irrigated 002), T/P 06 (Spring 012, Organic(Certified) Non-Irr. 713), T/P 10 (Spring 012, Organic(Certified) Irr. 702), T/P 11 (Spring 012, Organic(Transitional) Non-Irr. 714), and T/P 15 (Spring 012, Organic(Transitional) Irr. 712).

General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.
Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.
Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.
In accordance with the definition of "production reporting date" in the Basic Provisions, if you submit an application for insurance after the winter sales closing date or land is added after the production reporting date on which the spring type will be planted, the production reporting date will be the earlier of the acreage reporting date or 45 days after the spring sales closing date.

Practice

- \*5 Continuous Cropping . Any non-irrigated production practice that does not qualify as a summerfallow practice.
\*6 The following are exceptions to these requirements:
1. The acreage must not have been planted to a crop (excluding a cover crop, see exceptions below) during the preceding crop year; and
2. Any plant growth, including weeds, volunteer crops, existing perennial vegetation (including acreage emerging from USDA programs (such as CRP) and/or new breaking acreage), must be terminated a full crop year before planting a crop, and
3. Any additional plant re-growth must be terminated on or before June 1, and any later plant growth (e.g. weeds, volunteer crop) must be controlled by mechanical or chemical means.

### Quality

#### GENERAL STATEMENTS:

For the purpose of this section, the following definitions apply:

The AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under Sections A, B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

Any production qualifying under section B or C (except for section C3) that is sold\*\*\*\* to other than a disinterested third party\*\*, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

Production qualifying for quality adjustment, that does not contain substances or conditions that are injurious to human or animal health, shall be adjusted under the following provisions:

The AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under Sections A, B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

Any production qualifying under section B or C (except for section C3) that is sold\*\*\*\* to other than a disinterested third party\*\*, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

Production qualifying under Sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

For production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following provisions:

- For production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- For production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.

County: La Plata (067)

a. On the date of final inspection for the unit, if any of your unsold\*\*\*\* production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

b. If the unit was sold by the manufacturer or its agent before the date of final inspection for the unit, and the unit was found to be defective, we will settle your claim using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

c. If the unit was sold by the manufacturer or its agent after the date of final inspection for the unit, and the unit was found to be defective, we will settle your claim using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

d. For any production sold\*\*\*\* to other than a disinterested third party\*\*, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.

e. If the unit was sold by the manufacturer or its agent before the date of final inspection for the unit, and the unit was found to be defective, we will settle your claim using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

f. If the unit was sold by the manufacturer or its agent after the date of final inspection for the unit, and the unit was found to be defective, we will settle your claim using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	U.S. Grade: No. 1 Hard
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: La Plata (067)

### SPROUT DAMAGE DISCOUNT FOR ALL CLASSES

When the producer uses the Falling Number Discount Factors Table or the Sprout Damage Discount Table below, the production is not eligible for any additional discount factor in the Falling Number Discount Tables below.

Sprout Damage Percent	DF
10 and below	None
10.01 - 15.0	See Quality Adjustment Tab for Discount Factors
Above 15.0	See Section B

### FALLING NUMBER DISCOUNTS:

When the producer uses the Falling Number Discount Table, the production is not eligible for any further sprout damage discount in the Defects Discount Table or the Sprout Damage Discount Table above.

In addition to the quality deficiencies allowed in section 11 (d) of the Small Grains Crop Provisions, the following quality factors for Falling Number will apply:

All Other Classes of wheat will be discounted for falling number, regardless of U.S. grade designation as follows:

Falling Number Range	DF
299-200	See Quality Adjustment Tab for Discount Factors
Below 200	See Section B

À

Falling Numbers - Durum:

Falling Numbers Range	DF
299-200	See Quality Adjustment Tab for Discount Factors
Below 200	See Section B

manner, or destroyed unless Section C3d applies. An automatic 30 day extension of time will be allowed for you to submit your claim for indemnity.

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-As a person or business who does not routinely purchase production for resale or for feed will not be considered a disinterested third party if the RIVs applied by the buyer are not reflective of the RIVs in the local market.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-Grain that does not meet the definition of %Sold.
