T/P 6	Winter 091	Organic(Transitional) Irr. 712

#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

#### Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

## Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use: 000A^ca Q ID
Date: 6/17/2025	Plan:	County: Potter (375)
	Yield Protection (01)	
	Revenue Protection (02)	
	Revenue Prot with Harvest Price Exclusion (03)	

## Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

In lieu of the provisions in section 22(a) of the Basic Provisions that says "[h]owever, unless specifically required by policy provisions, you must not obtain any other crop insurance authorized under the Act on your share of the insured crop," you may obtain a Small Grains Crop Insurance policy and an Annual Forage policy on the same acreage that is planted with the intent of grazing the crop first and then later harvesting the crop for grain.

## Quality

GENERAL STATEMENTS:

V@Á||[, ā\*Ā^&ā)•Ā}[^Āæ][^ĀĀæ^Ā|æĀ|ā~&ā}Ā|Ā@Ā•|^ā&[ ]È

Special Provisions  
2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	U.S. Crop Year: 2026
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Potter (375)

B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the applicable DFs for unsold production.

- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.
- Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- Unless the insured elects in writing to delay settlement of the claim for up to 60 days after the calendar date for the EOIP, the claim will be settled using the applicable DFs for unsold production.
- If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of the claim for up to 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.
- If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop, or if the insured does not harvest the crop, the date that the insured determines the crop is a total loss. If the insured determines the crop is a total loss, the insured must provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss. If the insured does not provide written notice to the insurer within 60 days of the date that the insured determines the crop is a total loss, the insured will be deemed to have elected to settle the claim based on the applicable DFs for unsold production.
