T/P 5	Winter 091	Organic(Transitional) Non-Irr. 714
T/P 6	Winter 091	Organic(Transitional) Irr. 712

#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

#### Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

## Special Provisions

### 2026 and Succeeding Crop Years

Year: 2026	Commodity: Barley (0091)	Use: 1000\100\100\100
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Kay (071)

#### Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

In lieu of the provisions in section 22(a) of the Basic Provisions that says "[h]owever, unless specifically required by policy provisions, you must not obtain any other crop insurance authorized under the Act on your share of the insured crop," you may obtain a Small Grains Crop Insurance policy and an Annual Forage policy on the same acreage that is planted with the intent of grazing the crop first and then later harvesting the crop for grain.

#### Quality

##### GENERAL STATEMENTS:

County: Kay (071)

B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.

For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later. An automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.
- Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- Unless the insured elects in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later, using the applicable DFs.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.
- If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.

For the purpose of this statement, the calendar date for the end of the insurance period is the date that the insured harvests the crop or the date that the insured files a claim for indemnity, whichever is later.

County: Kay (071)

v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500,

b. If the producer has sold or otherwise disposed of the crop in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:

- i. applicable DFs included in sections A or B2 above.
ii. to the applicable DFs included in sections A or B2 above.
iii. applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Table with 2 columns: Aflatoxin Range, DF. Rows include 0-300.1 ppb (See Quality Adjustment Tab for Discount Factors) and 300.1 ppb & above (See C3 below).

A

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed

- a. If the producer has sold or otherwise disposed of the crop in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:
i. to the applicable DFs included in sections A or B2 above.
ii. applicable DFs included in sections A or B3 above.
b. For production containing Aflatoxin or any other substances or conditions (except for production containing Vomitoxin as detailed in C3 a above), the DF will be:
i. to the applicable DFs included in sections A or B2 above.
