General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Oats (0016)	Underlying Contract: 033
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Dillon (033)

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the

calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The production to count remaining after allowable reductions to gross production (in accordance with the applicable Crop Provisions), is multiplied by the QAF (not less than zero) to determine net production to count.

For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

The DF for production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the following:

- Sections C1 or C2 and Section A below, the DF will be determined by adding the applicable DFs from Section A to the applicable DFs from Sections C1 or C2.
- For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.
- For any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
b. If you sell the production to a disinterested third party during this delay, your claim will be settled using the Reduction In Value (RIV) as outlined below, unless
c.
d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
e. If the production is later sold, we will not recalculate or adjust your claim for indemnity.
f.
g.

Only when it has been determined that the production qualifies for quality adjustment will the provisions in this Quality Adjustment Statement apply, otherwise this SP statement does not supersede the provisions contained in section 14(e) in the Basic Provisions.

Unless the AIP grants an extension to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B, and C and we allow an extension of time to harvest, the time to determine insurable quality deficiencies will also be extended to 60 days after the EOIP. All samples for QA

your crop until AFTER 60 days after the calendar date for the EOIP, and your production qualifies for quality adjustment under sections B1, C1a or C2a i, you will be allowed 30 days after harvest to market your grain and receive an RIV unless the production qualifies solely under Section A, in which case, only the DF(s) in Section A

claim for indemnity not later than the earlier of 60 days after harvest, or 60 days after the date we determine the crop could have been harvested and you did not

Special Provisions 2026 and Succeeding Crop Years

Year: 2026

Commodity: Oats (0016)

Revenue Prot with Harvest Price Exclusion (03)

1. QUALITY ADJUSTMENT STATEMENT (QAS)

QAS is a statement of quality deficiencies that must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the EOIP, otherwise such production will not be eligible for payment. The QAS must be obtained from the buyer or the producer, and it must be submitted to the county office. The QAS must be submitted to the county office no later than 30 days after the 180th day.

5. FAIR CONSIDERATION TO DELIVER TO DISTANT MARKETS

When a producer sells production to a distant market, the producer must provide a fair consideration to deliver to the distant market. The fair consideration is the difference between the market value of the production and the cost of delivery to the distant market. The fair consideration must be provided to the distant market no later than 30 days after the 180th day.

6. ZERO MARKET VALUE

If on the date of final inspection for the unit, any production which due to insurable causes is determined to have zero market value***, such production will not be eligible for payment. The zero market value is determined by the county office. The zero market value is determined by the county office no later than 30 days after the 180th day.

7. REDUCTION IN VALUE (RIV):

ÜQX is a statement of reduction in value that must be obtained in accordance with this Reduction in Value Statement, but not later than 60 days after the EOIP, otherwise such production will not be eligible for payment. The ÜQX must be obtained from the buyer or the producer, and it must be submitted to the county office. The ÜQX must be submitted to the county office no later than 30 days after the 180th day.

Revenue Prot with Harvest Price Exclusion (03)

- a. Vomitoxin only (no other Section C deficiencies are present) qualifying under section C and that has a level of 10.0 ppm or less, and that is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
- b. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
- c. A public health agency of the applicable State in which the insured crop is grown.

For production that will be stored on the farm, or in commercial storage (except for production containing Vomitoxin), the appropriate samples must be obtained prior to the harvest date and the results must be provided to the insurer within 30 days of the harvest date. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.

1. For production containing Vomitoxin only (no other Section C deficiencies are present) qualifying under section C and that has a level of 10.0 ppm or less, and that is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - a. Sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - b. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - c. Unsold 60 days after the calendar date for the EOIP, fed, utilized in any other manner, or is sold to other than a disinterested third party, the DF will be the applicable DFs shown in the chart below added to the applicable DFs included in sections A or B3 above.

DFs for Vomitoxin:

Vomitoxin Range	DF
0.1 to 10.0 ppm	See Quality Adjustment Tab for Discount Factors
10.1 ppm & above	See C3 below

2. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - a. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - i. For production sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.
 - ii. If the production is sold to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the sum of all RIVs applied by the buyer due to all insurable quality deficiencies, and that value divided by the local market price.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026

Date: 6/17/2025

Commodity: Oats (0016)

Plan: Yield Protection (01)

Revenue Protection (02)

Revenue Prot with Harvest Price Exclusion (03)

Unit: 1000 bushels per acre

County: Dillon (033)

For the purpose of this section, the following definitions apply:

- iii. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you added to the applicable DFs included in sections A, or B2 above.
- iv. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.
- v. If on the date of final adjustment for the unit, the unsold production is in on-farm storage, is in commercial storage but was not transported directly from the field, was fed or utilized in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:
 - i. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you added to the applicable DFs included in sections A or B2 above.
 - ii. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B2 above.
 - iii. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Aflatoxin Range	DF
0.1 to 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.
- a. For the purpose of this section, the following definitions apply:
 - i. A disinterested third party; or
 - ii. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026
Date: 6/17/2025

Commodity: Oats (0016)
Plan: Yield Protection (01)
Revenue Protection (02)
Revenue Prot with Harvest Price Exclusion (03)

U.S. Farm Income Stabilization Act
County: Dillon (033)

- b. If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be:
 - i. The yield of the crop in the area of the producer's farm, if the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm, and the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm.
 - ii. The yield of the crop in the area of the producer's farm, if the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm, and the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm.
- c. If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be adjusted for any quality deficiencies listed in Section C.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of insurance period, such production will not be adjusted for any deficiencies listed in Section C.

ZERO MARKET VALUE PRODUCTION

If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be adjusted for any quality deficiencies listed in Section C.

1. The yield of the crop in the area of the producer's farm, if the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm, and the yield of the crop in the area of the producer's farm is less than the yield of the crop in the area of the producer's farm.
2. If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be adjusted as follows:
 - a. For production in Section A, the pre-established DFs.
 - b. If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be adjusted for any quality deficiencies listed in Section C.
3. If the producer's yield is less than the yield of the crop in the area of the producer's farm, the producer's yield will be adjusted for any quality deficiencies listed in Section C.
