#### General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

### Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

- \*6 Acreage planted to the approved high yielding rye varieties listed below may be insurable under the winter type for the 2025 crop year or producers may request a higher yield by an unrated practice/type (TP) type written agreement under a new high yielding type. For the 2026 crop year moving forward, all approved high yielding varieties will transition to the high yielding type and be insurable only by written agreement. The high yielding characteristic of these varieties will be considered; higher yield offers may be approved as part of the written agreement. Written agreement requests must contain documentation (e.g. seed purchase receipt) of the high yielding variety(ies) the producer is planting.

Approved High Yielding Winter Varieties:

Bono, Serafino, Tayo, Receptor, Brasetto, SU Performer, SU Cossani; additional hybrid varieties will be considered with at least two years of trial yield data results and an approved agricultural expert recommendations as required by the Regional Office.

Year: 2026	Commodity: Rye (0094)	Unit: 1000 bushels
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Oldham (359)

When the insured elects to use the Quality Adjustment Statement, the insured must obtain the Quality Adjustment Statement (QAS) for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

- a. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).
- b. Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

### 1. OPTION TO DELAY CLAIM SETTLEMENT:

- a. On the date of final inspection for the unit, if any of your unsold\*\*\*\*\* production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).
- c. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).
- d. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).
- e. If the production is later sold, we will not recalculate or adjust your claim for indemnity.
- f. If the time to harvest has been extended as stated below, this option will not apply beyond 60 days after the calendar date for the EOIP.
- g. The insured must obtain the QAS for the insured crop. The QAS must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).
