General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Insurance Availability

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026	Commodity: Wheat (0011)	Use of AIP: A
Date: 6/17/2025	Plan: Yield Protection (01) Revenue Protection (02) Revenue Prot with Harvest Price Exclusion (03)	County: Mercer (131)

Any acreage designated as unrated on the actuarial map will be insurable only by written agreement. Contact your crop insurance agent by the sales closing date to determine eligibility requirements.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

Quality

GENERAL STATEMENTS:

For the purpose of this section, the term "quality" means the quality of the crop as determined by the quality adjustment factors.

For the purpose of this section, the term "quality adjustment factors" means the factors that are used to determine the quality of the crop. These factors include, but are not limited to, the following:

- The quality of the crop as determined by the quality adjustment factors.
- The quality of the crop as determined by the quality adjustment factors.

For the purpose of this section, the term "quality adjustment factors" means the factors that are used to determine the quality of the crop. These factors include, but are not limited to, the following:

- The quality of the crop as determined by the quality adjustment factors.
- The quality of the crop as determined by the quality adjustment factors.

For the purpose of this section, the term "quality adjustment factors" means the factors that are used to determine the quality of the crop. These factors include, but are not limited to, the following:

- The quality of the crop as determined by the quality adjustment factors.
- The quality of the crop as determined by the quality adjustment factors.

1. OPTION TO DELAY CLAIM SETTLEMENT

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If you have sold units produced by the manufacturer during the period of time covered by the recall, you must provide written notification to the manufacturer within 60 days of the calendar date for the EOIP, stating the following information:
- c. The number of units sold, the date of sale, the name of the customer, and the location of the customer.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If you have sold units produced by the manufacturer during the period of time covered by the recall, you must provide written notification to the manufacturer within 60 days of the calendar date for the EOIP, stating the following information:
- f. The number of units sold, the date of sale, the name of the customer, and the location of the customer.
- g. The number of units sold, the date of sale, the name of the customer, and the location of the customer.

Á

2. SECTION 14(e) OF THE BASIC PROVISIONS

The statement does not supersede the provisions contained in section 14 (e) in the Basic Provisions.

3. EXTENSION OF TIME TO HARVEST

Unless the AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under sections A, B, and C must be obtained in accordance with the Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period (EOIP).

Give determine you are prevented from harvesting by the calendar date for the EOIP due to an insurable cause of damage that occurred during the insurance period and we allow an extension of time to harvest, the time to determine insurable quality deficiencies will also be extended to 60 days after the EOIP. All samples for QA

Special Provisions 2026 and Succeeding Crop Years
