General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

Special Provisions

2026 and Succeeding Crop Years

Year: 2026

Date: 6/17/2025

Plan: Yield Protection (01)
Revenue Protection (02)
Revenue Prot with Harvest Price Exclusion (03)

County: Eastland (133)

Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

In lieu of the provisions in section 22(a) of the Basic Provisions that says "[h]owever, unless specifically required by policy provisions, you must not obtain any other crop insurance authorized under the Act on your share of the insured crop," you may obtain a Small Grains Crop Insurance policy and an Annual Forage policy on the same acreage that is planted with the intent of grazing the crop first and then later harvesting the crop for grain.

Quality

GENERAL STATEMENTS:

For the purpose of this policy, the term "quality" means the quality of the crop as determined by the quality adjustment factors.

For the purpose of this policy, the term "quality adjustment factors" means the factors that are used to adjust the production to count for quality. The quality adjustment factors are considered in determining production to count.

For the purpose of this policy, the term "net production to count" means the production to count after the quality adjustment factors are applied. The net production to count is the production to count minus the quality adjustment factors.

Qualifying for quality adjustment, that does not contain substances or conditions that are injurious to human or animal health, shall be adjusted under the quality adjustment factors.

The AIP grants an extension of time to harvest as specified below, the samples of production used to determine insurable quality deficiencies under Sections A,

Special Provisions 2026 and Succeeding Crop Years

Year: 2026

Commodity: Wheat (0011)

Unit: 1000 bushels

Date: 6/17/2025

Plan: Yield Protection (01)

County: Eastland (133)

Revenue Protection (02)

Revenue Prot with Harvest Price Exclusion (03)

B and C must be obtained in accordance with this Quality Adjustment Statement, but not later than 60 days after the calendar date for the end of the insurance period.

Any production qualifying under section B or C (except for section C3) that is sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.

Production qualifying under Sections B or C (except for production qualifying under section C3) that is unsold 60 days after the calendar date for the EOIP, an automatic 30 day extension will be allowed only for the purpose of submitting your claim for indemnity, unless an extension of time to harvest has been granted or a delay in measurement of farm stored production has been elected under the general statements below.

For production qualifying for quality adjustment containing substances or conditions that are injurious to human or animal health will be determined in accordance with the applicable DFs.

- a. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. Sections C1 or C2 and Section B below, the DF will be determined by adding the applicable DFs from Section B to the applicable DFs from Sections C1 or C2.
- c. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.

A

1. OPTION TO DELAY CLAIM SETTLEMENT

- a. On the date of final inspection for the unit, if any of your unsold**** production qualifies for quality adjustment under sections B and/or C1 or C2a ii and C2a iv below, your claim will be settled using the applicable DF's for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- b. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- c. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- d. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.
- e. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- f. If you elect to delay settlement of your claim for up to 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs for unsold production unless you elect in writing to delay settlement of your claim for up to 60 days after the calendar date for the EOIP.
- g. For any production sold**** to other than a disinterested third party**, or that is not sold 60 days after the calendar date for the EOIP, we will settle your claim using the applicable DFs.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026

Commodity: Wheat (0011)

U.S. Farm Income Tax ID

Date: 6/17/2025

Plan: Yield Protection (01)

County: Eastland (133)

Revenue Protection (02)

Revenue Prot with Harvest Price Exclusion (03)

For the purpose of this provision, the "insurable quality deficiencies" shall be defined as the difference between the actual quality and the local market price, and that value divided by the local market price.

- a. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- b. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- c. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B3 above.

DFs for Vomitoxin:

Vomitoxin Range	DF
0.1 to 10.0 ppm	See Quality Adjustment Tab for Discount Factors
10.1 ppm & above	See C3 below

2. For the purpose of this provision, the "insurable quality deficiencies" shall be defined as the difference between the actual quality and the local market price, and that value divided by the local market price.
- a. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- i. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- ii. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- iii. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
- iv. For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A, or B2 above.
- v. For unsold production containing all other mycotoxins or substances or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A, or B2 above.
- b. For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.

field, was fed or utilized in any other manner, was in on-farm storage and has been sold, or was sold to other than a disinterested third party:

- i. Applicable DFs included in sections A or B2 above.
- ii. Applicable DFs included in sections A or B2 above.
- iii. Applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Aflatoxin Range	DF
0.1 - 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed
 - a. If the level of Aflatoxin is less than 300 ppb, the level of Vomitoxin is less than 10 ppm, and the production is sold, fed, utilized in any other manner, or destroyed, the claim will be adjusted for any quality deficiencies listed in Section C.
 - b. If the level of Aflatoxin is 300 ppb or more, the level of Vomitoxin is 10 ppm or more, and the production is sold, fed, utilized in any other manner, or destroyed, the claim will be:
 - i. Voted by the board of directors of the company to be sold, fed, utilized in any other manner, or destroyed, and the claim will be adjusted for any quality deficiencies listed in Section C.
 - ii. If the level of Aflatoxin is 300 ppb or more, the level of Vomitoxin is 10 ppm or more, and the production is sold, fed, utilized in any other manner, or destroyed, the claim will be adjusted for any quality deficiencies listed in Section C.
 - c. If the level of Aflatoxin is 300 ppb or more, the level of Vomitoxin is 10 ppm or more, and the production is sold, fed, utilized in any other manner, or destroyed, the claim will be adjusted for any quality deficiencies listed in Section C.

Special Provisions 2026 and Succeeding Crop Years

Year: 2026

Commodity: Wheat (0011)

Use: 100% / 100% / 100%

Date: 6/17/2025

Plan: Yield Protection (01)

County: Eastland (133)

Revenue Protection (02)

Revenue Prot with Harvest Price Exclusion (03)

- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

01. If a producer destroys (or refuses to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:

1. V01. If a producer destroys (or refuses to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
2. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
 - a. 01. If a producer destroys (or refuses to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
 - b. 01. If a producer destroys (or refuses to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:
 - c. For production in Section C1 or C2, such production will not be adjusted for any quality deficiencies listed in Section C.
3. 01. If a producer destroys (or refuses to destroy) production in a manner acceptable to us, such production to count is no longer considered to be zero market value and will be adjusted as follows:

*	%Local Market Price-As defined in the applicable Basic, Crop, or these Provisions.
**	%Disinterested third party-As defined in the applicable Basic, Crop, or these Provisions.
***	%Zero market value-Occurs when no buyers in your local area are willing to purchase the production and fair consideration to deliver production to a market outside your local marketing area (distant market) is equal to or greater than the production's value at the distant market or when acreage of an insured crop in which the edible portion of the crop has been exposed to flood waters.
****	%Sold-Grain is considered sold on the date that final settlement between the buyer and seller has occurred and title of the grain has passed from the seller to the buyer.
*****	%Unsold-Grain that does not meet the definition of %sold.
