#### General

Optional unit division is NOT available by section or section equivalent. Optional unit division is available based on Farm Serial Number (FSN) and any other method specified in the Basic Provisions or Crop Provisions except section or section equivalent. To be eligible for the available methods of optional unit division, you must meet all applicable requirements.

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

#### Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

## Special Provisions 2026 and Succeeding Crop Years

County: Jackson (067)

Any acreage in this county with a high risk area designation on the actuarial map will have a rate adjusted in accordance with the high risk area and map area rates table.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

Any acreage designated as unrated on the actuarial map will be insurable only by written agreement. Contact your crop insurance agent by the sales closing date to determine eligibility requirements.

GENERAL STATEMENTS:
