Special Provisions 2026 and Succeeding Crop Years

Úgæ^k^w^p^, Á^c^a^l^á^í^D

County: Dona Ana (013)

General

Contact your agent regarding possible premium discounts, options, and/or additional coverage that may be available.

Corn planted on acreage following a crop that has been prevented from being planted will not be considered a cover crop and will be considered a crop planted for harvest.

Sections 17(f)(8)(i)(E), 17(f)(8)(ii), and 17(f)(8)(iii) of the Basic Provisions do not apply for the 2026 crop year. New breaking acreage will not be eligible for prevented planting coverage the initial year.

Date

In lieu of the definition of late planting period in section 1 of the Basic Provisions, please refer to the End Of Late Planting Period Date.

Premium

In accordance with section 6 of the Small Grains Crop Provisions, a reduced premium rate is provided for acreage intentionally destroyed before harvest by grazing or other means. To qualify for the reduced premium rate you must notify your agent no later than March 15.

Insurance Availability

Any fall planted acreage on which seed is spread onto the soil surface by any method (e.g. airplane or otherwise broadcast seeded) and is subsequently mechanically incorporated into the soil, will be insurable only if you request an inspection for this acreage within 72 hours after the final planting date or within 72 hours after you complete incorporating the seed if you plant in the late planting period, and we agree in writing that the acreage has an adequate stand to produce the yield used to determine your production guarantee. No coverage will be provided if an adequate stand is not established within 30 days after the end of the late planting period or within 30 days after the final planting date if no late planting period is applicable. Insurance will attach to acreage with an adequate stand on the date the acreage is inspected.

Insurance shall attach to a crop following a cover crop when the cover crop meets the definition provided in the Basic Provisions, was planted within the last 12 months, and is managed and terminated according to NRCS Cover Crop Termination Guidelines. The Guidelines include information on cover crops and crop insurance, Good Farming Practices for cover crops, and termination information and exceptions, which can be found at <https://www.rma.usda.gov/en/Topics/Cover-Crops>.

In addition to Section 35 of the Basic Provisions, if you elect to obtain a Farm Service Agency Graze-Out Payment for acres of this crop grazed by livestock and not otherwise harvested, you are not eligible for an indemnity.

1. If you elect to sell your business or substantially all of its assets at a loss, the DF will be:
- If you are selling the business or assets to a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.
 - For unsold production or production sold to other than a disinterested third party prior to 60 days after the calendar date for the EOIP, the DF will be the applicable DFs shown in the chart below (unless you elect to delay settlement as specified in the General Statements above) added to the applicable DFs included in sections A or B2 above.

DFs for Vomitoxin:

Special Provisions 2026 and Succeeding Crop Years

Úgæ^k^m^p^, Á^c^æ^ç^í^D

County: Dona Ana (013)

Vomitoxin Range	DF
0.1 - 0.4 ppm	See Quality Adjustment Tab for Discount Factors
10.1 ppm & above	See C3 below

2. If you elect to delay settlement, you must adjust the production in the following manner:
- If you elect to delay settlement, the DF will be:
 - all insurable quality deficiencies, and that value divided by the local market price.
 - C2b (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A or B2 above.
 - For unsold production containing all other mycotoxins or substances or conditions prior to 60 days after the calendar date for the EOIP (unless you elect to delay settlement as specified in the General Statements above), added to the applicable DFs included in sections A, or B2 above.
 - For unsold production containing all other mycotoxins or conditions 60 days after the calendar date for the EOIP, the DFs will be .500, added to the applicable DFs included in sections A or B2 above.
- b. If you elect to delay settlement, the DF will be:
- applicable DFs included in sections A or B2 above.
 - to the applicable DFs included in sections A or B2 above.
 - applicable DFs included in sections A or B3 above.

DFs for Aflatoxin:

Special Provisions 2026 and Succeeding Crop Years

Year: 2026
Date: 6/17/2025

Commodity: Wheat (0011)
Plan: Yield Protection (01)
Revenue Protection (02)
Revenue Prot with Harvest Price Exclusion (03)

Upland Cotton, Acreage
County: Dona Ana (013)

Aflatoxin Range	DF
0.0 to 300.1 ppb	See Quality Adjustment Tab for Discount Factors
300.1 ppb & above	See C3 below

3. For production that has an Aflatoxin level in excess of 300 ppb, a Vomitoxin level in excess of 10 ppm, or any other substances or conditions qualifying under Section C having a level exceeding the maximum amount allowed or when the edible portion of a crop is exposed to flood waters, a claim will not be allowed for you to submit your claim for indemnity, following the date we determine the production was sold, fed, utilized in any other manner, or destroyed.
- a. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- b. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- i. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- ii. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- c. If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- d. If production qualifying under Section C3 remains unsold, or is not destroyed, more than 365 days after the calendar date for the end of the insurance period, such production will not be adjusted for any quality deficiencies listed in Section C.

SECTION D - ZERO MARKET VALUE PRODUCTION

If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.

- If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
- If you do not destroy (or refuse to destroy) production in a manner acceptable to us, such production will not be adjusted for any quality deficiencies listed in Section C.
